Briton Ends Parley With Khrushchev

Diplomatic Relations Between Macmillan, Premier Cool Further

KIEV, Ukraine (AP)—The Macmillan-Khrushchev talks have ended with neither side "budging an inch," a British spokesman said here today.

The only outstanding business is agreement on a formal communique next Monday, the spokesman added.

At the same time he confirmed earlier reports that the British Prime Minister's visit to the Soviet Union came perilously close to ending abruptly two days ago in Moscow as a result of Soviet Premier Khrushchev's Kremlin speech.

Flies From Moscow

These disclosures were made as Macmillan flew here from Moscow, where he had addressed stern words to Khrushchev in a meeting at the Kremlin.

British sources said he had warned Khrushchev that any attempt to interfere with Western rights in Berlin would be fraught with danger.

Khrushchev had planned to fly to Kiev with Macmillan but the visiting British Prime Minister took off alone. Khrushchev was not even at the Moscow airport to see him off.

A British spokesman said Khrushchev told Macmillan at a meeting in the Kremlin this morning he had a bad tooth and must have it filled.

Diplomats wondered whether this was a diplomatic illness.

May Meet Monday

The British have made no secret that relations between the two delegations have worsened since Khrushchev's speech on Tuesday in which he virtually rejected Western proposals for a Big Four foreign ministers meeting on Germany.

It became known that Macmillan and Khrushchev have virtually ended their talks on world problems.

The expectation was they would

Ignore Veto Threat

Democrats Press For Housing Hike

WASHINGTON (AP) — House Democrats shrugged off veto warnings today to push toward House action a $2,075,000,000 federal housing bill going far beyond President Eisenhower's proposals.

The wide ranging House measure was approved by the Banking Committee late Wednesday over futile Republican efforts to cut it back in line with the administration's more modest $1,660,000,000 program.

Goes to Rules Committee Next

No immediate House vote was in prospect. The measure still must be considered by the House Rules Committee, which has delayed such action in past years.

The bill's impact on the President's budget immediately raised the prospect of a veto. House Democratic leaders professed to have no concern on that point. They announced they would press for enactment of their bill as a mandate from the voters based on last November's Democratic election gains.

Banking Committee Republicans, outnumbered in unsuccessful attempts to substitute Eisenhower's program, blasted the Democratic-backed housing measure as a "budget busting bill."

Nearer $6 Billion

They contended its cost was nearer six billion dollars than the $2,075,000,000 figure put on it by the Democrats.

GOP members contended it would have a "devastating adverse impact on the federal budget," which the administration estimates can be balanced at 77 billion dollars next year with a surplus of 70 million dollars if Eisenhower's recommendations for higher postal rates and gasoline taxes are enacted.

Marion Teachers Will Tour Plants

Boys and girls in Marion's public and parochial schools will have a day off from classes Friday while their teachers go out to get some first hand information on the operation of local industries and businesses.

Groups of the teachers will tour six plants in the morning and six in the afternoon.

At noon they will gather in the Harding High School cafeteria for a luncheon program from 11:30 a.m. to 12:45 p.m.

Master of ceremonies for the program will be Robert F. Norstrom, chairman of the industrial leaders action committee of the Chamber of Commerce.

Speaking for the Chamber of Commerce will be E. L. Mitchell, vice president. Julian H. Walker will speak on behalf of the Manufacturers Council of the Chamber.

Titan Is Fired Successfully in Second Tryout

CAPE CANAVERAL, Fla. (AP) —The Air Force says it has chalked up two successful test flights in a row with the mighty Titan intercontinental range ballistic missile.

The 90-foot war rocket, newest entry in the U.S. arsenal, roared off Wednesday on a launching covering close to 300 miles. Project officials announced later that the shot appeared to be good all the way.

The latest Titan triumph came three weeks after No. 1 blazed aloft marking the advent of the so-called "second generation" missiles.

Both firings were limited range tests using dummy second stage vehicles loaded with thousands of gallons of water for ballast.

Titan is a 100-ton rocket which the Martin Co. developers say is more versatile and less complex than Atlas, the present ICBM leader. The new weapon reportedly has the potential of covering ranges as high as 9,000 miles, far outstripping the "Big A".

Discoverer Launching Delayed at Vandenberg

VANDENBERG AIR FORCE BASE, Calif. (AP)—The Air Force has once again postponed indefinitely launching the Discoverer I satellite it hopes will go into polar orbit.

The two-stage rocket system came within 30 seconds of firing on two different occasions Wednesday. In each case, authorities halted the countdown for undisclosed reasons.

The launch attempt was postponed for technical reasons, the Air Force said.

Extended Area Phone Service Rules Set Up

COLUMBUS, Ohio (AP) — The Utilities Commission today filed an administrative order with the secretary of state which sets up regulations concerning extended area telephone service.

Extended area service permits a telephone subscriber to place and receive calls from nearby exchanges. Instead of paying toll for each call, subscribers pay a flat montly rate.

The order, adopted Wednesday by the commission, becomes effective March 9. It requires each telephone company in Ohio to file a report annually with the commission listing exchanges where the volume of toll traffic averages three or more messages per subscriber per month.

Traffic Survey Also Offered

Parking Study Suggested In City by Columbus Firm

Plan Will Be Presented to Councilmen

Spokesman Claims Increased Revenues Would Pay for Cost

A proposal to provide Marion with a survey to determine the best methods for solving downtown traffic problems was presented to city officials and business representatives at a meeting in City Hall Wednesday night.

The offer was made by Frank Ferneau, head of Ferneau, Inc., of Columbus, a firm specializing in parking meters, parking garages and other traffic aids, in a talk outlining the services of his firm in helping cities to correct their parking and traffic conditions.

He said his firm would make the parking survey free of charge. He offered to make a more extensive traffic survey for $12,500 to $15,000. He said the increased revenue resulting from following his recommendations on the parking study would provide enough money to pay for the traffic survey.

Will Ask Special Meeting

Ralph Williams (R-4th), chairman of the streets and alleys committee of City Council, said that he will present Mr. Ferneau's offer to the council at its next meeting.

He said that he would ask that a special meeting of council be called, with merchants and other interested persons invited to attend, in order that Mr. Ferneau could present his proposal to the entire group.

Mayor Wendell L. Strong also suggested that arrangements be made for Mr. Ferneau to explain his proposal to various civic and service organizations.

Mr. Ferneau said his firm would start making the parking survey if authorized to do so by adoption of an appropriate motion by council.

He said the only way to find the answer to the parking problem is by the complete survey.

Time, Rates Changed

Generally the first thing needed, he said, is to make adjustments to obtain maximum use of on-street metered parking spaces.

This is done by changing the time periods and rates, placing the highest rate and shortest parking time in the preferred parking spaces near the heart of the business section.

Once this is worked out, the next step is to determine where off-street parking lots should be located for the greatest benefit to all concerned, he said.

He said his firm also could make a traffic survey of the city at no cost from existing city funds.

He said money for this survey

X-15 DWARFED BY 'MOTHER SHIP.' The experimenal X-15 high altitude rocket plane which is expected to carry a man to the fringes of outer space is dwarfed by its "mother ship," a B-52 jet bomber under whose wing it is tucked. The X-15 is expected to be carried aloft sometime next week in a captive flight designed to test the aerodynamic stability of the mated combination of X-15 and B-52. The rocket craft will remain attached to the bomber throughout the flight, but the X-15 pilot will be in his cockpit. (UPI Telephoto)

Simpson Bill Would Set Up Scholarships

Senator Recommends State Award Five for Each Representative

By Our Staff Correspondent

COLUMBUS — State Sen. J. E. Simpson (R-Forest) Wednesday introduced a bill in the 103rd General Assembly to provide a system of state scholarships for higher education.

Two other Marion area legislators introduced four measures dealing with juvenile probation and courts and clarifying the cigaret tax laws.

Simpson's bill would create a five - member state scholarship board to award scholarships up to $1,400 for study at Ohio colleges. The grants would be awarded on a county basis, five for each representative from the county to the General Assembly.

The scholarships would be given on the basis of need and merit to students in the upper one-fourth of their classes. They would not apply to theological or graduate study.

The board would consist of four members appointed by the governor and confirmed by the Senate plus the superintendent of public instruction as chairman and executive officer.

Rep. Joseph E. Lady (R-Hardin) co-sponsored with Rep. Frances McGovern (D-Summit) a bill to encourage development of juvenile probation services in the

Emergency Declared

Uprising in Africa Feared by British

SALISBURY, Southern Rhodesia (AP)—Prime Minister Sir Edgar Whitehead declared a state of emergency throughout Southern Rhodesia today and banned the African national party as an illegal organization.

Whitehead acted to prevent the spread to Southern Rhodesia of nationalist unrest in neighboring Nyasaland, which is united with Southern and Northern Rhodesia in the Central African Federation of the British Commonwealth.

Nabbed in Raids

Most of the national party officers in Southern Rhodesia were arrested in predawn raids.

There was no indication, however, that arrest had been ordered for the firebrand head of the congress, Dr. Hastings Banda, a 54-year-old London-educated physician who returned to his native Nyasaland a year ago after 40 years of self-imposed exile.

Banda makes his headquarters in Blantyre, the Nyasaland capital, and officials in Salisbury said neither the state of emergency nor the ban on the African congress had been extended to Nyasaland or Northern Rhodesia.

Regulations published in the Southern Rhodesian Government Gazette empowered the government to arrest and hold any person without charges in the public interest, prohibit gatherings of more than three people, control movement of people and weapons, impose curfews and control publication of information about activities of security forces.

Fears Spread of Trouble

Whitehead said a grave situation similar to that in Nyasaland might be created in Southern Rhodesia unless immediate steps were taken.

So far, the only threatening unrest was reported at Kariba, where 4,000 striking Africans have brought work to a halt on the huge Zambesi River hydroelectric project. The row apparently started over wages, but British officials say "there is something definitely political about it now."

There were reports that members of Banda's organization had slipped into the area to direct the strikers from a secret hideout.

Banda, who describes himself as "the extremist of the extremists," wants to take Nyasaland—a British protectorate—out of the British-ruled federation of Rhodesia-Nyasaland in Southeast Africa. The British are strongest in Southern and Northern Rhodesia, which have 250,000 white settlers and 4½ million Negroes. Nyasaland has only 7,000 Europeans to 3½ million Africans.

With vivid memories of Kenya's bloody Mau Mau outbreak, worried British administrators and isolated settlers were again checking their defenses.

Would Revise Vows

BIELFIELD, Germany (AP) — Communist East Germany wants to replace the "love, honor and obey" in the marriage ceremony.

Evangelische Welt, official organ of the German Protestant Church, said the Red regime is suggesting newlyweds exchange this vow: "We pledge to maintain Socialist achievements and increase the state power of workers and peasants. We promise we will respect each other, will help care for and help each other, will help each other's professional and cultural development, will take our decisions jointly and will be indissolubly true to each other."

H-Bomb Base In Britain Hit By Explosion

Two Killed, One Hurt At Research Center As Charge Is Dropped

ALDERMASTON, England (AP) — A violent explosion rocked Britain's big H-bomb research base here today after somebody dropped an explosive charge. Two men were killed and one injured.

Officials announced there was no radioactivity hazard to the staff or the general public.

The explosion set doors and windows rattling in the village of Aldermaston, two miles away, where 300 people live. Fire engines screamed through the village streets. But there was no panic.

"We get used to living close to this thing," said Woodley Thomas, 19, a clerk at the ivy-covered post office.

The British Atomic Energy Commission said the accident occurred as the explosive was being unloaded from a vehicle. The vehicle was destroyed and a fire broke out, damaging a nearby building extensively. The fire was soon put out.

"The explosive was of a conventional type and no radioactive materials were involved," the commission said. "There is no radioactivity hazard to staff or to the general public."

The Aldermaston base lies up a leafy lane near the village and is screened by trees. It houses Britain's biggest hydrogen bomb plant.

Tensions Building Up Again

Allies May Face Fresh Berlin Crisis in Spring

WASHINGTON (AP) — Western fears of a dangerous Berlin crisis late this spring are beginning to build up again under the impact of Nikita Khrushchev's oratory.

Unless the Soviet government can be drawn into high level negotiations on German issues in the next two or three months, authorities here are not sure what may happen. But they see an increasing possibility that in his present cocky, confident mood the Soviet premier may try some extremely risky moves.

U.S. Still Seeks Conference

United States officials still cling to the hope that Khrushchev will agree to a foreign ministers meeting for late April or early May. His speech in Moscow Tuesday rejecting negotiations about German reunification does not constitute a real answer to the Western proposal of Feb. 16 for a Big Four session, informants said.

But President Eisenhower's rather gloomy appraisal of the outlook at his news conference Wednesday seemed to reflect a growing uncertainty over the possibility of actually getting serious negotiations started.

Eisenhower said Khrushchev had displayed an "obviously, palpably intransigent attitude" in his speech and though there was nothing very new in it the tone and the timing were matters of concern.

Development 'Not Hopeful'

Noting that the speech came in the midst of Khrushchev's talks with British Prime Minister Harold Macmillan, Eisenhower said the development "is not one that, certainly, you could call hopeful."

He then defined a two-point policy for the United States in the present situation. First, he said, "we are not going to give one single inch in the preservation of our rights" to maintain the Western position in West Berlin and to move supplies into that city.

Second, Eisenhower said that this country and its allies are "always ready to negotiate when the other person will give us the slightest area or region in which to negotiate."

Sends Message to Legislature

DiSalle Outlines View On Natural Resources

COLUMBUS, Ohio (AP)—Water problems should receive priority consideration, Gov. Michael V. DiSalle said today in a message to the Legislature on natural resources.

Appropriations were urged for steps to:

1. Complete river basin inventory studies now in progress.
2. Establish a state water policy.
3. Provide legal authority for an agency to perform planning and co-ordination functions.

Wealth Renewable

DiSalle said that much of Ohio's great wealth of natural resources such as soil, water, forests and wildlife are renewable if given proper care.

The governor called for an improved program for the state to develop land ravaged by strip mining.

The state could acquire such land for forests, water storage and recreations, he said.

He said equipment of the Division of Geological Survey is inadequate for its work of locating, mapping and analyzing Ohio's mineral resources. With federal matching money he estimated it would cost the state three million dollars in the next six years to provide adequate laboratory facilities and equipment for adequate service.

Park Improvements

The governor asserted that state parks should be improved, instead of initiating new projects.

He also said that rather than acquire new areas to build reservoirs exclusively for recreation lakes, it will be his policy to take advantage of recreational opportunities offered by projects created primarily for other purposes.

DiSalle urged a system of issuing boat licenses that would be valid on waters throughout the state. Boating enthusiasts now need at least nine different licenses to operate on all waters in the state.

The governor also urged state acquisition of more land for public hunting and fishing areas.

Long-Range Objectives

GOP Congressmen Back Moves To Set Up Policy

WASHINGTON (AP) — A move by National Chairman Meade Alcorn to draft a statement of long-range Republican party objectives won support today from GOP members of Congress.

Alcorn announced after a conference with President Eisenhower Wednesday the appointment of a 44-member committee to draft a statement of party principles. The group will be headed by Charles H. Percy, president of the Bell & Howell Co., Chicago.

Approved by Goldwater

Sen. Barry Goldwater of Arizona, chairman of the Republican Senatorial Campaign Committee, said "it certainly is worth a try" for party members to attempt to define where they are going.

"We can't get hurt trying this approach and if the members of the committee can come to an agreement on Republican principles it will indicate that the party can do the same," Goldwater said.

Rep. Joseph W. Martin of Massachusetts, former House Republican leader, commented, "It can't do any harm to have a new statement of principles before the 1960 campaign."

Alcorn said he expects the committee, which meets here March 13-14, to have ready by Sept. 1 a statement covering such topics as civil rights, agriculture, labor, monetary policy and other areas.

Long Range Policy

"This is an attempt to state what the party ought to be trying to do in the next eight or 10 years," he said.

Saying that the committee represents "all segments of Republican party thinking," Alcorn said he invited only one Republican governor, Cecil Underwood of West Virginia, to join the group.

Alcorn named Sen. Everett Dirksen of Illinois and Rep. Charles Halleck of Indiana, party leaders in the two houses, as the only congressional members.

Other members include several from the GOP National Committee, several professors, a number of women, and leaders in the fields of labor, agriculture, business and law.

Paroles Given To 21 Inmates

Marion and Dunkirk Men Win Freedom

Twenty-one inmates of the Marion Correctional Institution were released on parole today. One was paroled to Marion and another to Dunkirk, W. I. Beer, acting superintendent, reported.

Paroled to Marion was Earl Winn, 41, who was serving a 1-20 year sentence on charges of forgery and uttering a forged check. He was admitted to the Ohio State Penitentiary on Feb. 25, 1955, after being convicted in Franklin County. Winn was transferred to the local institution on Aug. 13, 1958.

The other area parolee was Gene Tackett, 23, of Dunkirk, who was serving a 1-7 year sentence on a grand larceny charge.

Sentenced from Hardin County, he was admitted to the penitentiary Feb. 26, 1957, and was transferred here April 18, 1957.

Letter-Writing Campaign Grows

Tax 'Revolt' Spreading In State of Washington

RITZVILLE, Wash. (AP) — A "nonpartisan taxpayers' revolt" that started here over a cup of coffee went into its third week today with the letter-writing campaign spreading to the far corners of the state.

An estimated 10,000 or more revolt-inspired form letters have poured in on state legislators in Olympia, and Gov. Albert D. Rosellini's office said he has received 1,358 of them.

In addition, thousands of companion petitions were being circulated, the signers pledging not to ask for additional services from state government and demanding in return that no new tax laws be passed.

"The campaign has exceeded our wildest dreams," said Edward Cross, an attorney who helped start it "With all the phone calls, my practice has gone by the boards. We've really got a tiger by the tail."

It started at a Lions Club meeting in this town of 2,200 on Feb. 11 when Bryson Reinhardt, a Wenatchee, Wash., salesman, made a speech about government and taxes.

"When it was over, some of us got to talking and decided that's what we always do—just talk," Cross said. "We agreed to meet for coffee next morning and consider some kind of petition and form letter."

Twenty men showed up, then 40 more joined in, $300 was collected for printing and a nameless organization was born with an eight-man steering committee headed by Ralph Danekas, a mortician who says he is politically independent.

The original goal was to get 1,500 signatures on a "no-new-services, no-new-taxes" petition in Adams County. Cross said they got 1,150 in three days and the idea "snowballed."

After 500 form letters piled up on his own, asking revolters to be "realistic" and claiming increased taxes are needed to maintain even a minimum of services.

"We weren't convinced," Cross said.

Rosellini has proposed increasing the state sales tax from 3 1-3 to 4 per cent and letters or not, some kind of tax increase is expected.

Probe of Labor Tactics In Right-to-Work Asked

WASHINGTON (AP)—The Senate Rackets Committee reportedly has been asked to investigate tactics of labor unions of the so-called "right-to-work" issue defeated in last November's Ohio election. That information comes from an aide to Sen. Barry Goldwater (R-Ariz).

The committee chairman, Sen. John McClellan (D-Ark), although acknowledging there was some reference to the right-to-work issue at Wednesday's closed door meeting, said no motions were offered and no votes taken.

One of Goldwater's aides told a reporter the senator received reports from some Ohio labor union members that they circulated petitions opposing a right-to-work law under threat of reprisal if they didn't.

Right-to-work laws would do away with the union shop, which makes membership in a labor union a requirement to hold a job.

Ex-Galionite Dies, Was Tiffin Hospital Manager

GALION — Funeral services for Byrdell Whittridge, 45-year-old business manager of the Tiffin State Hospital at Tiffin and former Galion mortician, will be held Saturday at 8:30 a.m., in the Adams-Turner Funeral Home in Tiffin. Burial will be in Columbus beside the grave of his father, the late Byrd J. Whittridge of Galion.

Mr. Whittridge died shortly before noon, Wednesday, in Mercy Hospital, Tiffin, where he was admitted following a heart attack Saturday night. His mother, Mrs. B. J. Whittridge of Galion was present.

A native of Galion, Mr. Whittridge was born Aug. 17, 1913, the son of Byrd J. and Dorothy Dell Whittridge. He was graduated from Galion High School in 1931 and attended Ohio Wesleyan University, graduating from the Columbus School of Embalming. He operated a funeral home in Galion prior to entering military service during World War II.

He had been engaged in hospital administration work at Tiffin State Hospital for several years. In Tiffin he was active in civic and Masonic groups and belonged to the Elks' lodge.

Surviving are his widow, the former Geneva Imbody of New Bloomington; his mother, two aunts and a cousin.

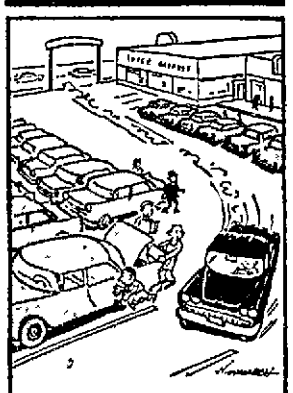
SAFE-DRIVING TIP



Drive carefully wherever there are pedestrians.

Motorists who roar into a gas station, a supermarket parking lot, or a private driveway are endangering adults and children alike, the Chicago Motor Club points out. Maturity and common sense are of little advantage to pedestrians in such a situation.

In shopping centers with large parking areas, this unsafe driving practice is doubly hazardous.

Appeal Made for More Heart Fund Donations

With the end of Heart Month only two days away, city and county residents who have not yet donated to the Heart Fund were urged to do so by Mrs. Donna Jones of Green Camp, general campaign chairman.

She said the unofficial tabulations of $8,237 announced Monday fall short of the $10,000 goal for the month by nearly $1,800.

The balance is necessary to insure that Marion county can contribute its share toward research, education and community service programs which help control the nations No. 1 killer, Mrs. Jones explained.

Persons not contacted in the Heart Sunday solicitation may send donations to Clayborne Smoot, Heart Council, 240 E. Church St., Marion.

Morrow Orders Coal, Okays Bid for Tractor

MOUNT GILEAD—The Morrow County commisisoners this week purchased coal for the courthouse and a tractor and attachments for use at the Morrow County Home farm.

A car load of oil-treated stoker coal was purchased from the Sharrock Force Coal Co. here for $12.32 a ton.

The commissioners accepted the bid of the Cardington Implement & Supply Co. for a Massey-Ferguson 35 tractor and two 14-inch Ferguson plows, less trade-in of a 1949 Ford tractor and two plows. The purchase price was $2,100.

Frank Wilt of Westfield Township was granted $10 for ten-inch tile for the repair of the Heimlich Ditch. Commisisoners will view the Hilton Ditch in Troy Township on Monday, March 2, at 10 a.m.

Services Slated At Galion for T. C. Schaefer

Burial To Be Sunday; Noted Musician Died Talking on Telephone

GALION — Funeral services for Theodore C. Schaefer, 48-year-old organist and choirmaster of the National Presbyterian Church in Washington, D.C., who died unexpectedly in his Washington apartment Tuesday night, will be held in both Washington and Galion churches. Burial will be made in Fairview Cemetery here. The Volk - Richardson Funeral Home is in charge of arrangements here.

The Washington service, which will be attended by his brothers and sister, will be conducted Friday afternoon by the Rev. Edward L. R. Elson at the National Presbyterian Church and the service in Galion will be held at 3 p.m. Sunday in Peace Lutheran Church, with the Rev. Philip E. Auer officiating. Mr. Schaefer retained his membership here.

Details Not Known

Details of Mr. Schaefer's death were not known immediately, here, but reportedly it was being investigated by Washington police after he was found on the floor of his apartment, clutching a telephone. He had been talking to a close friend in New York, Harold Ronk, a concert vocalist who had made an appearance in Galion with Mr. Schaefer as his accompanist. A bottle of pills was near Mr. Schaefer's body and it was believed here that he accidentally took an overdose. He apparently had been in good health and good spirits.

Born in Galion, May 25, 1910, the son of Charles A. and Lena Thokey Schaefer, Mr. Schaefer was graduated from Galion High School in 1928 and later from Ohio Wesleyan University. He received his master's degree in sacred music from Union Theological Seminary in New York, and took extended work at the University of Michigan. He received a diploma from the American Conservatory of Music at Fontainebleau, France, where he studied in 1929.

He began his piano study with the late Miss Bessie Todd of Galion, and also studied with Marcelle Herrenschmidt and Isador Philippe. His sister, Mrs. R. M. Pounder of Galion, organist at Peace Lutheran Church, interested him in the organ, and he studied under Arthur Poister, another Galion musician, Palmer Christian and Clarence Dickinson. He took voice under Mrs. William Neidlinger. Last Aug. 25 he gave an organ recital in the American Cathedral in Paris while on a seven-week European tour.

Soloist at Festival

Mr. Schaefer also was an accompanist and instrumental soloist at the sixth annual Ditson Festival of Contemporary Music, Columbia University, and the American Festival of Music at the National Gallery. His choir in Washington has sang with the National Symphony, the National Gallery Orchestra and Bach Aria Group of New York in addition to making records.

In New York, where he resided for some years, he directed the Appollo Chorus. He seldom missed a Sunday service in Washington, flying back for his duties from his nationwide tours.

Surviving are his sister, Mrs. R. M. Pounder of Galion, and two brothers, Paul J. Schaefer of Cleveland and Louis T. Schaefer of Mansfield.

All-American City Asked To Render Top Service

56 Hogs Are Killed In Truck Accident West of Delaware

DELAWARE—A load of 183 hogs headed for a New York City slaughter house had their trip cut short early today when the trailer in which they were being transported overturned on Rt. 36, killing 56 of them.

State patrolmen here said the side of the wooden trailer collapsed aind the surviving hogs ran wild all over the highway and in adjoining fields.

Late this morning the animals were being herded into a fenced in area by several volunteers at the scene three miles west of Delaware, officers reported.

The accident occurred at 3:35 a.m. when the eastbound trailer-tractor combination driven by James Garvin, 29, of Columbus swerved off the right side of the highway and struck a mailbox and tree.

The connection between the tractor and the trailer snapped off and the trailer careened into a ditch, turning over on its right side, patrolmen said.

The squealing animals blocked the roadway for some time and disrupted traffic, according to the report. They were bound from Fort Loramie, O., to New York.

Patrolmen said the truck driver escaped injury. The cab came to rest in the highway after the trailer broke away from it. Extensive damage was done to the trailer and considerable damage resulted to the tractor, officers noted.

New Jersey has state laws which require that eggs be shipped in new containers. Old cases are forbidden.

Khrushchev Has Air of Confidence

Secretary of State Dulles might well have chuckled on his sickbed in reading account of British Prime Minister Macmillan's chilling encounter with Russian diplomacy on the Berlin issue.

"Now, my friend, you know what I've been up against," he might have mused.

If Macmillan has been designated by the Western powers to be a stand-in for Secretary Dulles, the Briton now knows what a frustrating experience it is to bear the chief responsibility. Moscow dispatches suggested he was shocked when Premier Khrushchev, after several days of diplomatic backslapping, made a slashing attack on the Western position regarding Berlin.

THE FACT TO PLAIN to be concealed is Khrushchev's air of confidence about his ultimatum that Western occupation of West Berlin must cease when Russian occupation of East Germany ceases on May 27. As far as anyone can see, the Russian premier holds the high hand in this game of diplomatic freezeout.

What he knows—what every Russian diplomat knows—is that the Western Powers have no intention of going to war over the issue of who stays in Berlin and how long. The Soviet Union has no intention of going to war, either. But if it came to a military showdown, the advantage would lie with the Russian army, which controls all the area surrounding Berlin. Khrushchev knows that. Secretary Dulles knows it. Prime Minister Macmillan knows it. The West Germans know it.

THE WESTERN ALLIES prolonged a problem about the occupation of Berlin because they did not know how to solve it. They let the initiative fall into the hands of Premier Khrushchev, who did what he could have been expected to do with such a valuable diplomatic windfall. He exploited it for all it was worth. He used it to test the composure and cooperations of the Western Powers.

It is not necessary to admire Khrushchev or to agree with him to recognize that in this particular situation he has the edge on his diplomatic counterparts. He can do and say anything he chooses to do and say because he speaks for only one government, while Allied spokesmen must represent the United States, Britain and France directly and, indirectly, the United Nations, to which they will be forced to appeal if Russia forces them to a showdown on Berlin.

Small wonder that Prime Minister Macmillan went into a state of shock when he learned how audacious his host in Moscow dared to be. For once in the postwar years, no one is under the illusion that the Soviet Union is diplomatically outnumbered and can be outmaneuvered. Everything it does relative to Berlin reveals anew that it is confident of its strength whereas the Western Allies are conscious of their weakness.

They have made a powerful example of their way of life in West Berlin, but they never overcome the weakness of the military compromise that put them there, surrounded by the Russian army on all sides.

Needed: A Free Hand

The long-awaited appointment of a new city engineer now is a reality and we certainly extend to Jack Tozzer every good wish for success in the position.

The city engineer is a tremendously important person in modern municipal government and Marion has not had a full-time one since last August.

Ted Klingler did yeoman service as acting city engineer in addition to his own job as sanitary engineer, but the department has been badly undermanned from a professional standpoint.

The city engineer's office, if it is to achieve maximum effectiveness, is one which should be relatively unaffected by the ebb and flow of political fortunes.

The task facing an engineer must be accomplished regardless of what party is in power and whatever skirmishing may be going on between factions.

There have been times the last four years when the Marion city engineer's office has been a political football, but we would like to think the new engineer will be given a free hand to handle his duties with his professional ability as the only significant yardstick.

Only in that way can any consistent progress be made on the numerous vital community projects upon which Marion must embark.

Nepotism Was Never Like This

The latest discovery of nepotism in Washington is not likely to lead to anything sensational.

The only really sensational thing about nepotism in Washington, any other capital, or any other form of government would be to discover that it had gone out of style. That never will happen while human nature stays the way it is.

It is as natural as breathing to be kind to relatives. Nepotism came into existence as a practice in the Vatican, where nephews had an inside track for desirable appointments. There is a good kind of nepotism as well as the kind now being publicized. "Nepotism" in one sense means to be fond of one's nephews.

But the kind of nepotism that is rediscovered in Washington every so often is nothing that innocent. It is the kind that hogs one or more extra salaries on a government payroll by appointing wives and relatives to jobs. These people may or may not do their jobs well; most of them probably work hard, knowing they are under scrutiny. But as soon as it is known they are relatives, they are subject to criticism.

It is one thing in private enterprise for the boss to take care of his relatives, but it rankles twice as deep to know that some people are on government payrolls because they were put there by ever-loving members of their own families.

Nepotism in government cannot be forbidden, but it needs to be discouraged, and always will be as long as the press in the United States is free to tell who is holding jobs and why.

Some of the new Democratic congressmen went to Washington this year imbued with the idea that the federal cow should be milked to the limit.

'Inflation' the Wrong Word?

Sumner H. Slichter, whose opinions have had a heavy impact on attitudes about government financing, appeared on TV's "Meet the Press" last Sunday and puzzled many listeners.

There were times when he seemed to be puzzling his questioners, too, because no politician ever did a neater job of not coming to the point. The questioners were trying to find out if their professorial guest thought inflation and an unbalanced budget were things to be alarmed about, but the guest seemed to be interested in putting across the point that the only thing to worry about was less than full employment.

The upshot of the questioning and answering at cross-purposes was that in a half hour nothing whatever was said directly about the crux of the whole matter, which is whether Congress should accept financial responsibility for exercising the spending mandate that Prof. Slichter insists it was given last November.

Not all congressmen feel they were elected to be Spendocrats, as it happens, but if most of them feel they were the question is whether they should be expected to pay for the buggy-ride.

Perhaps budget-balancing would be easier to understand if the word "inflation" were left out of it. Slichter may be right: inflation and deficit financing may be inevitable and even desirable. It is not an argument that can be settled.

But in a republic the people's representatives must accept responsibility for acts. When Congress votes to spend a billion dollars, it should be willing to raise a billion in taxes, unless there is a national emergency.

If it does not dare to tax, it should not dare to spend.

That is the crux of the argument in 1959—whether a Congress that is proposing no new taxes or higher rates for old taxes should spend more than the 77 billion dollars it intends to get back in taxes. It is a matter of honesty.

It is squarely on that point that the credit of the United States could be irreparably damaged, if deficit financing goes on forever, economists and politicians to the contrary notwithstanding.

The Once Over

By H. I. Phillips

Horse-betting windows in the New York subways are proposed by chairman of the Transit Authority. (You mean life in the subway is not tough enough already!) The complaint, "He got a bad ride," may apply to either a subway passenger or a horse. And "The bum ain't trying today" can be hurled at a slow subway motorman or a slow skinner.

There are 286 underground and 217 open air subway stations in Greater New York and if legislation for city-operated betting rooms is passed, it is proposed that betting windows be installed in them, with the subway financial problem helped through a cut in the "take" or use of a special horse-betting "token." Who ever expected to see the day when a horse would be called on to haul a subway system out of a hole?

Reaction of horse players is problematical. Some who haven't had a winner in years of outdoor betting may be glad to try it underground in bad air. Ultimately there may be the horse fan who will go miles to the East Side subway because all his West Side selections ran out of the money. A subway horse player could turn out to be a particularly rugged type. Accustomed to taking a beating, he would have persistence.

IN THE STREET CORNER horse parlors a man might find it hard to tear himself away after one bet. But subway bettor could count on being jostled away, shoved into an express and carried to Flatbush before he could study entries in next race.

Terrible prospect is that of a horse player being battered both by people and horses. We look for real trouble when a fan pulls the emergency cord with a cry of "Let me off! I got a sudden hunch on a longshot."

ARTHUR GODFREY is slated to replace Ed Murrow on "Person to Person." The "Redhead" has discovered you never can tell what may happen when you change your format. Arthur began interviews a few months ago as a stunt, just for laughs and, through his informal, breezy touch, made a hit in a new zone.

Hurdy Gurdy Switch

Criticism of Court

By David Lawrence

Seldom in American history has there been such a scathing criticism of the decisions of the Supreme Court of the United States as has just come from the American Bar Association.

Lawrence

This has nothing to do with the decisions of the court on segregation or integration. Nor do the members of the bar — who by overwhelming vote approved at the Chicago convention this week a committee report on the subject of Supreme Court decisions — come from any one section of the country.

The action taken is a formal disapproval of several decisions of the Supreme Court not only in matters of law but in the misuse of the judicial power itself. The report, comprising about 20,000 words, does not criticize the Supreme Court as an institution nor recommend any limitation of its powers, but does say that Congress should at once, in the proper way, endeavor to correct the ill effects of the decisions.

THE REPORT declares:

"Many cases have been decided in such a manner as to encourage an increase in Communist activity in the United States through invalidation of state sedition statutes and limitation of state and federal investigating powers in the field of subversion although these cases might readily have been disposed of without so broadly limiting national and state security efforts.

"The paralysis of our internal security grows largely from construction and interpretation centering around technicalities emanating from our judicial process which the Communists seek to destroy, yet, use as a refuge to masquerade their diabolical objectives.

"This trend was treated fully in the Conference of State Chief Justices last year when they called upon the United States Supreme Court to exercise the power of judicial self-restraint. The dissenting opinions of certain Supreme Court justices have been crystal clear in charting the effect of the failure of the majority to recognize the underground forces that are at work and to appreciate how these decisions affect our internal security."

The bar association's report says it is the duty of members of the bar "to defend the institutions of the judiciary from unfair and unjust attacks" and that proposals to limit the court's jurisdiction should not be approved.

But at the same time the committee report, as adopted by the convention, says that, where remedial legislation can be enacted by Congress to deal with Communists and other subversives, this should be given prompt attention.

The report cites a long list of Supreme Court decisions in the internal security field and points out exactly how they can be overcome by action of Congress.

ALSO, A CHAPTER is devoted to "current fallacies about Communism." The report says: "It is just as false to measure the strength of Communism in the United States by comparing the small number of party members with the large number of non-Communists, as it would be to measure the seaworthiness of a ship by comparing the area of its holes with the area of its hull. A few strategically placed holes can sink the largest ship."

"Our internal security," says the report, "has been weakened by a lackadaisical attitude on the part of the public and technicalities raised in judicial decisions which too frequently in the public mind have had the effect of putting on trial the machinery of the judicial process and free the subversive to go forth and further undermine our nation."

THE INDIFFERENCE of the public may be due to the job performed by some of the opponents of the late Sen. McCarthy. Unfortunately, the period in which he struggled to direct attention to the Communist menace now is brushed off as merely one of "hysteria," and there is no effort nowadays to separate what was valid in the crusade from that which was due to overzealousness and emotionalism.

Since the famous battle took place in the Senate in 1954, moreover, it has been an open secret in Washington that the Democratic party leaders in both houses have been under pressure from its so-called "liberal" elements to soft-pedal the inquiries into Communism.

Though two committees still do some work in this field, they are restrained by word from higher up in the party whenever they really want to expose some palpable manifestation of Communist effort inside the United States.

Some prominent American citizens, for example, who have been openly siding with the Soviets against their own government in certain controversies have never been called as witnesses by the committees of either the House or the Senate to explain their activities or their connections with the Communist propaganda machine. Maybe the American Bar Association report will awaken American public opinion and help to overcome the timidity of the Democratic party leadership on these subjects.

Purely Personal

By Truman Twill

One reason politics is so full of surprises is the tendency of politicians to carve up one another in family fights, as witness the surprise attack on the untouchable Sen. Johnson of Texas by Sen. Proxmire of Wisconsin, his political buddy.

The essential difference between alcoholics and the rest of us is that they are driven to drink by the things the rest of us keep saying will drive us to drink unless there is a change for the better. We keep hoping; the drunkard doesn't.

The most contemptuous expression we have for furtive favor-currying is "playing footsie." I remember the first game of footsie I ever played. It was in the high school library. Her name was Emma. She was ugly. But man, what feet!

It is unlikely there will be a change for the better as the result of the new line of inquiry by the McClellan investigators, but we're getting an idea who is behind the caterwauling on the juke boxes, the phonograph and our TV sets. They aren't music-lovers.

My idea of federal income tax reform is to put all taxpayers on the same footing, so big-shot taxpayers who can hire expensive lawyers can claim no more exemptions than stupid me. In other words, get rid of all exemptions, except those for dependents, charities, serious illness and legitimate business expenses. Not night clubs and race tracks, just legitimate expenses, like building an addition to the putty knife factory.

The newest drain on taxpayers is going to be a half-billion-dollar traffic control system for aviation, to make the air safe for high-speed planes. Did the government ever put up a dime for the railroads' traffic control system?

I wonder how many people understand what labor unions mean when they talk about shortening the work week — how many people understand that the purpose of shortening the work week is to lengthen the number of hours put in at premium rates for overtime.

Diplomacy Soviet-Style

By James Marlow

WASHINGTON

Nikita Khrushchev is turning world diplomacy upside down, making a farce of efforts to avoid a Berlin crisis, and acting like a man determined to force President Eisenhower to talk, whether he wants to or not.

Khrushchev wants a summit conference with President Eisenhower, who is reluctant about it. Twice now Khrushchev, just before an Eisenhower news conference, has blasted off in a way bound to get an Eisenhower response the next day.

Last Nov. 27 Khrushchev demanded the Allies get their troops out of West Berlin—they're there under World War II agreements with the Soviet Union—and leave the city's Western zone a "free" city in the heart of Communist Germany.

HE INDICATED if this wasn't done by May 27, the U.S.S.R. would turn all access routes to the city over to the East Germans to do as they pleased.

This means the East Germans could refuse to let men or supplies through, and if the West refused to quit Berlin, there would be a showdown, perhaps shooting, perhaps war.

On Dec. 31 the United States, Britain and France sent a note to Moscow suggesting that they and the Soviet Union have a Big Four meeting to discuss the various problems of Berlin and of East and West Germany which remain divided.

THIS WAS THE usual, traditional diplomatic way of doing business. On Jan. 10 the Soviets sent an answering note to the West.

The Soviets, brushing aside just a four-power conference, proposed that the Western Big Three and 24 other countries have a conference. So far neither side had yielded anything. They were maneuvering.

On Feb. 16 the Big Three, still following tradition, sent another note to Moscow. They suggested a Big Four foreign ministers conference (this was getting a little more specific on who would do the conferring) on the whole German problem.

It was Khrushchev, not the Soviet Foreign Office, who gave a reply.

That was Feb. 18, one day before Eisenhower's news conference last week. The Soviet premier warned that if the East Germans tried to block allied shipments to Berlin, and there was shooting, the result would be war.

This was a kind of shocker. It made hash of the Western notes which had been seeking to get-together to talk things over. Naturally, Eisenhower was asked about it at his news conference Feb. 19.

Eisenhower didn't back up in the face of Khrushchev's threat. He said the Allies wouldn't abandon their responsibilities to the West Berliners and said that if anyone tried to use force it would not be the West.

BRITISH PRIME Minister Harold Macmillan went to Moscow this week to see Khrushchev, try to get events on an even keel, and maybe lay the ground for peaceful solutions on Germany. Khrushchev received him jovially.

Then on Tuesday, after talking with Macmillan apparently in most friendly fashion, Khrushchev took time out to make another speech. He apparently rejected the idea of a Big Four meeting on German reunification. That's a German problem, he said.

This was strictly not the diplomatic way of doing things, particularly since Macmillan was right there to talk to Khrushchev diplomatically. The British were reported to be shocked by Khrushchev's performance.

And as if to show he didn't have much time for small fry like foreign ministers, Khrushchev, at a reception in the British Embassy, looked at British Foreign Minister Selwyn Lloyd and asked sarcastically: "Where and when did you ever solve anything? How do you justify your post?"

ALL THIS OCCURRED just the day before Eisenhower's news conference Wednesday. So once again the President was asked about Khrushchev.

He said any talks with the Soviet Union would be almost useless until Khrushchev changes his refusal to consider Western proposals on Germany.

And he said the West isn't going to give "one single inch in the preservation of our rights and of discharging our responsibilities in this particular region."

So all the diplomatic channels got clogged up and Eisenhower and Khrushchev are doing the talking.

Gay Boulevardier

By Hal Boyle

NEW YORK

"All the good ideas come from the heart," said Maurice Chevalier.

There are few men his age today who can match France's gay boulevardier in either grace or gratitude.

HAL BOYLE

"I am 71, and have been in show business now for 60 years — yes, I started at 11," he said. "I take my job seriously, because it is my whole life, my whole happiness.

"You have to love a profession that has been so good to you."

Chevalier, who quit a dubious future in a thumbtack factory to become the most durable song-and-dance man of his time, retains a charm that is financial as well as physical. Nearly 30 years ago he was making $20,000 a week, and today is more solvent than the French government. Or the American government, for that matter.

SEATED IN THE living room of his hotel suite, Chevalier was the picture of a timeless, old-fashioned sport. He wore a smart plaid suit whose pattern looks as if it had been woven in Braille. His spring-blue eyes crinkled in a ruddy complexion.

But at 180 pounds, his agile frame gave a slight hint of portliness.

"If I were intelligent, I would weigh a little less," he sighed. "But I am getting at a moment in my life when it is hard to refuse to eat a little more, or drink a little more, if I feel like it.

"To give way to all the bad instincts that we all have—that is what defeats most people. When I see young artists who are broken by liquor and things like that, it makes me sad.

"I AM NOT a moralist—ah, no! —I only know what is good. I know you never run a risk in doing less of anything tempting, and you always run a risk in doing too much of anything.

"Too much of anything is too much—whether it is virtue or vice."

Chevalier is immensely pleased over the international success of his latest movie.

Despite his light-hearted air, work has been a religion with him. His art is endlessly rehearsed.

But the old boy, now minus his famed straw hat, still wears life like it was a flower in his buttonhole.

"Take exercise? Ah, no!" he shook his head. "But I stopped smoking 25 years ago, and I drink very little.

"Whisky is the best drink—when you can indulge it. It gives you a lift. So" — he laughed — "So you must not drink it until you fall down."

News of Other Years

40 YEARS AGO — In Germany, despite strong opposition from Socialists who raised the cry of "militarism," the bill providing for a "national army of defense" passed a second reading. Socialist opponents of the bill declared it a measure which meant "the resurrection of militarism for the suppression of the revolutionary forces."

"Although the American people passionately desire a league of nations to prevent future wars, they will not accept the league proposed by the Paris covenant, which would commit the United States to a course which will end in humiliation and disaster," declared Sen. Cummins of Iowa in the Senate.

20 YEARS AGO—Mrs. Franklin D. Roosevelt resigned from the Daughters of the American Revolution organization because it refused to permit Miss Marion Anderson, Negro contralto, to give a concert in Constitution Hall in Washington. The hall was owned by the DAR.

A warning to Marion County residents to obtain licenses for their dogs and to prevent their dogs from invading flocks of sheep was issued by County Dog Warden Elmer Ullom after the arrest of the second dog owner in three days.

10 YEARS AGO—Highest altitude ever reached by a man-made object was attained by a two-stage rocket fired by the Army ordinance department at White Sands, N. M. The Army announced the rocket soared 250 miles into the skies. Peak of the flight was reached outside the earth's outer air strata. The rocket's speed was over 5,000 miles an hour.

To Your Good Health

By JOSEPH G. MOLNER, M.D.

Canker Sores Can Be Caused by Many Things

"Dear Dr. Molner: My question might sound unimportant, but what is the cause of canker sores? These can be very painful and when the sore causes my mouth to swell, it can be unsightly. I have been told canker sores are caused from eating fruit, too much acid, nerves, and so on, but nothing I try helps.—Mrs. L.A."

Dr. Molner

It's not unimportant at all! I don't mean it is a dangerous or deadly thing, because it isn't, but canker certainly causes a lot of misery.

A canker is a small ulceration of the membrane of the mouth. Something has caused the tissue to break down locally.

Most — or none — of the things you have been told about MIGHT be the cause. There are various causes. Allergy is a common one.

—:—

MANY PEOPLE are sensitive to some drug they take, or some food they eat. In that sense, one person may be allergic to one or more fruits, and have canker sores only when those fruits are in season. For him, fruit is the cause.

For someone else, it can be some other food—any food. For another it can be a drug, which can be anything from aspirin on up. Or down, as you prefer.

A common cold sometimes has this effect. You can call the canker an "internal cold sore," but in such a case the tissue happens to be sensitive to some particular cold virus. And there you are.

Menstruation has a disturbing effect on some women, and may precipitate cankers, although for most women this does not happen at all.

Or toothpaste or a mouthwash or the like may just happen to contain something to which you are allergic, although most people are not. That gives you an idea of how varied the causes are.

—:—

I DO NOT, however, know of anything to support the idea that "too much acid" causes it. This phrase about "too much acid," or an "acid system" is one of those glib terms that is used a great deal but doesn't mean anything when you get down to facts.

Therefore here are my suggestions. For one, your doctor might cauterize the area with silver nitrate or some other caustic, but this certainly is not something for self-use.

For another measure, and basically more important, try to connect the outbreak of the canker with something you ate, took, used or touched prior to the appearance of the sore—perhaps a couple of days earlier. In that way you may be able to discover the thing to which you are sensitive.

Frankly you can't always do it. But sometimes you can, so I suggest that you try it. It will take some watchfulness and care, but if you can identify the trouble, then you can avoid the cause.

—:—

"Dear Dr. Molner: Can anything be done to stimulate the memory of an older person who has arteriosclerosis?—Mrs. A.R."

I wish I had an answer. There are some experiments going on in this field, and some claims are being made, but until the evidence is stronger, I don't want to commit myself. All right, I'm a coward not to say such-and-such is the answer, but until I'm convinced, I'm not going to speak up.

—:—

"Dear Dr. Molner: I am now 48 and have a daughter 12 years old. Would it be dangerous now for me to have another child?—G.L."

Not very, if you are in normal health. The risk, I agree, is somewhat greater, but the difference is not vast. I think it would be wise to talk to your own doctor, to see that you are in proper health, however.

—:—

Note to J.C.: The operation you referred to was to remove a kink, or fold, or twist in the colon, and had absolutely nothing to do with cancer. Cancerphobia sometimes gets out of hand—that is, fear of cancer. Yes, cancer is serious, but remember it still ranks only third in mortality.

—:—

Hemorrhoids can be cured! If troubled with fissures, fistulas, itching and other rectal problems, write to me in care of this newspaper requesting a copy of my booklet, "The Real Cure For Hemorrhoids," enclosing a large, self-addressed, stamped envelope and 20 cents in coin to cover handling.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

YMCA Seeking Students for Staff Of Its Day Camp

The YMCA day camp committee has begun to take applications for summer day camp staff positions. The staff consists of two girls and four boys who act as counselors. Applications may be made with Beryl Johnson or Miss Nell Bailey at the YMCA. Applications should be filed before March 20. Interviews with applicants will be arranged by the day camp committee at a later date.

Day Camp is an eight-week camping experience for boys and girls, ages 7 through 12, beginning June 22 and ending August 14. The eight weeks are divided into four two-week periods. Counselors will direct, co-ordinate, and participate in the camping program for the full eight weeks. Each position is paid on a set salary scale.

Counselors must be at least 16 years of age, hold junior or senior life saving certificates, have demonstrated leadership ability with younger children, and have had some camping experience.

A counselors training workshop is conducted one week prior to the opening of camp. Counselors must attend each session.

MRS. EDWARD JONES was hostess for dessert and coffee served from a table decorated in keeping with Washington's birthday when the Good Earth Unit of the Marion Garden Clubs met Tuesday evening in the community rooms over the West Town Branch of the National City Bank. Assistant hostesses were Mrs. Robert McAllister, Mrs. Robert Conley and Mrs. O. V. Roby.

Mrs. John Messenger presided for the meeting and appointed several members to be in charge of the Garden Center Library for the month of March. The library now is open on Fridays from 2 to 4 p.m. at the West Town Branch Bank.

The chairman for the 1959 Marion Flower Show, Mrs. B. L. Kehrwecker, announced Sept. 12 and 13 as the dates for the show, with the place to be announced later. Club program booklets were distributed.

For the program, Mrs. McAllister, assisted by Mrs. J. C. Porter, showed slides of the 1958 Marion Flower Show.

—:—

MR. AND MRS. Arthur E. Glassmeyer of north of Marion are announcing the engagement of their daughter, Sharon Ann, to Pfc. Robert A. Watts, son of Mr. and Mrs. W. F. Watts of Chicago, Ill.

Miss Glassmeyer was graduated from Morral High School with the class of 1957 and from Gale Institute in Minneapolis, Minn., in April, 1958. She is employed by the Department of Defense, U.S. Navy, in Washington, D.C. Her fiance is stationed with the Army at Ft. Belvoir, Va.

A summer wedding is planned by the couple.

—:—

TO CELEBRATE the 25th anniversary of its installation, Beta Gamma chapter, Lambda Chi Omega sorority, entertained former members at a tea Sunday afternoon from 2 to 4 o'clock.

The tea table was set with silver and crystal and centered with an arrangement of silver candles and red roses, the sorority flower. Mrs. Clyde Beaver, chapter president, and Mrs. Earnest Queen presided at the tea table and presenting piano selections during the afternoon was Mrs. Angelo Doria.

Honored at the occasion was Mrs. Hubert Goerlich, who, 25 years ago as Miss Thelma Crawford, was one of 11 girls who organized the local chapter of Lambda Chi Omega national sorority. She is the only active charter member and in appreciation of her years of loyalty and service Mrs. Beaver presented her the sorority 25-year pin. She also received the table centerpiece of red roses.

Other charter members of the organization were Misses Patricia Doyle, Ruth Reid, Marita Larkin, Viva Swisher, Dorothy Court, Geraldine Denman, Mary Alice Ryan, Donna Groves, Virginia Walterhus and Ione Shreves.

Beta Gamma chapter was organized on Feb. 18, 1934, and has been active continuously in civic affairs and charitable projects, both locally and in conjunction with the national organization's projects of providing college scholarships and maintaining a bed in the Crippled Children's Hospital at Richmond, Va.

Charter members present at the tea in addition to Mrs. Goerlich were Mrs. Raymond Watts of Bromley, Ky., Mrs. Mary Alice Halstead of Columbus and Mrs. James Uline of Marion.

Other former members attending were Mrs. Robert Breining, Mrs. Howard Weber and Mrs. John Gruber, all of Columbus, Mrs. Al Grooms of Delaware, Mrs. Robert Hyams of Rockford, Ill., Mrs. Dale Nickison of North Liberty, Ind., and Miss Ruby Kinsler, Miss Virginia Mahoney, Mrs. Hugh McFadden, Mrs. Chester Morris, Jr., Miss Della Owen, Miss Esther Underhill, Mrs. Edward Weiser and Mrs. Jack Werner, all of Marion.

Hostesses for the event were Mrs. Quayle Giles and Mrs. Queen.

Refreshments were served by Mrs. Anna Mae Reiff and Mrs. James Ward. Program topic for the March meeting will be "Laundry Problems," presented by Miss Louise Augenstein. Annual election of officers also will be held.

—:—

"Hawaii" was the program theme when the Sesame Club met Monday afternoon in the Women's Club Home. Presenting the program topic was Mrs. W. H. Brown. Since Hawaii is once more making a bid for statehood, it is very much in the limelight.

Mrs. Brown told the club members that the Hawaiian Islands are much more than a visual paradise. They are a mature, civilized community, fully qualified for statehood. The average resident of Hawaii has a cash income of $1,821 per year, which is more than the average of some of our wealthy states such as Virginia, Texas or Iowa.

She explained that Hawaiians pay more to Uncle Sam than the national average of all the states, but because they are only a territory they have no representation. They cannot even elect their own governor.

In 1898, she explained, it was accepted as a part of the U.S. and the people use our currency, our stamps, our armed services, our FBI and our educational system.

Mrs. Brown spoke of the American culture there, explaining a great many of the young people are educated in our eastern universities.

Also for the program, Mrs. J. W. Baker spoke of the Hawaiians' love of music and described some of their instruments. She said one of their song writers, Johnny Noble, has produced 400 orchestrations and 100 songs. She played their famous farewell song, "Aloha."

For meditation to open the meeting, Mrs. Glenmore Hawkins read "When Our Wells Are Thwarted," and members answered roll call on the subject "Why I Would Like To Go To Hawaii." In the business session, plans were discussed for holding the final club meeting of the year at the Arlie Glen Inn. Arrangements were made to assist with the federation rummage sale being sponsored by the American Home Department. Mrs. E. J. Andrews gave a report on the sale of articles made by the blind.

Following the second reading of additions to the by-laws by Mrs. O. V. Roby, parliamentarian, they were adopted by the club.

Hostess for the day was Mrs. W. E. Miley.

—:—

Sharon Hertenstein, daughter of Mr. and Mrs. Ray Hertenstein of 888 Henry St., was the guest of honor at a party held Friday evening celebrating her 14th birthday.

Mrs. Morrissey announced a Special Winners game to be held at Mansfield in the YWCA on Wednesday, March 11, at 8 p.m. A regular meeting of the local club will be held next week.

Miss Sharon Ann Glassmeyer

Parents of Miss Glassmeyer announce her engagement to Pfc. Robert A. Watts. Details are in the Social Notebook.

Crawford Tractor Driver Put in Jail

BUCYRUS—A farm tractor driver was fined $200 and costs and sentenced to 21 days in the Crawford County jail here Wednesday at his arraignment before Mayor Joe Sullivan on a charge of driving while under the influence of alcohol.

Freemon M. Siefert, 63, of near New Washington, was arrested by state highway patrolmen east of Bucyrus on U. S. Route 30-N.

Authorities said Siefert has had prior convictions on charges of driving while under the influence and unsafe operation. He told Mayor Sullivan that since his driver's license had been revoked, he had purchased the tractor for transportation.

Patrolmen said Siefer's tractor has a top road speed of about 40 miles an hour.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My wife is 28 and I am 33. We've been married seven years. We both have excellent positions and agreed when we married to wait before starting a family.

For the last two years I've felt we should get busy but since there was reluctance on her part, I decided not to press the matter. Last week I thought it was time to discuss it openly. I was shocked when she told me that according to her "bookkeeping" we should be ready to start a family in "about two years."

I'm really disgusted with her. When I mentioned leaving, she said I was a brute and if I married her only to bear children, I could go any time.

We both read your column and have respect for your advice. Will you please review this situation in print? FED UP.

-:-

Dear Fed: Tell your wife, according to YOUR figures, in two years she'll be 30 years old, and that Mother Nature doesn't always come running to shower her blessings at the first whistle.

Either she is afraid of motherhood or too darned selfish to go through the inconvenience of having a child. A few visits with a doctor will help to allay her fears.

If it's pure selfishness, however, and she refuses to see a doctor, you have a right to pack your bags.

Confide in Mother

Dear Ann: I'm 16 and writing about my sister who is 13. Both Mom and Dad work, so when I come home from school the house is empty.

My 13-year-old sister has become friendly with a girl I don't like. She is a big flirt and way ahead of her years in looks and experience. She knows where all the town hoods hang out.

My sister has gotten into the habit of going with this girl to the drug store after school instead of coming home. I am worried about her because I know the boys she meets there are all bad.

I haven't mentioned this to my mother because I don't want to be a tattletale. Do you think I have the right to order my sister to stay away from this girl and to come straight home after school? —CHARLOTTE.

—:—

Dear Charlotte: Your 13-year-old sister has parents and it is their place to tell her what to do.

It is your obligation, however, to let Mother know that your sister is running in bad company, since Mother works and has no way of knowing these things.

Perhaps if your mother were aware that her young daughter was meeting hoods after school, instead of coming home, she'd quit her job, or work part-time and keep her eye on her family. In the long run it will be far more rewarding than the extra few dollars she can earn on the outside.

Hang On to Dignity

Dear Ann: I'm 19 and miserable. I went steady with a fellow for six months and really fell in love with him. One evening he told me I'd better start to date other fellows and that he would call me "once in awhile" because he didn't care to be tied down with one girl any longer.

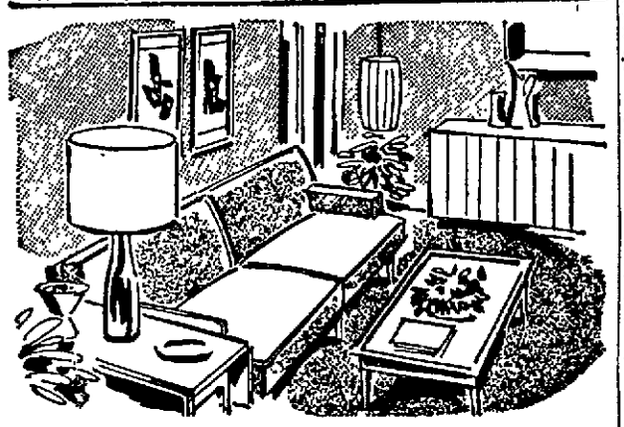
I was heartbroken but managed to keep my dignity. Three months have passed and he hasn't called. My friends tell me he's been taking out some pretty fast numbers. I also heard he has nothing against me and still thinks I'm "very nice."

I'm sure if I could get just one date with him, I could win him back. How can I do it without looking as if I'm crawling?—EVY.

-:-

Dear Evy: You can't — so forget it. Since your dignity is all you have left, hang on to it. Make no effort to see him and please stop discussing him with your friends. They will only report that you're still pining, which won't help matters.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Marion Star enclosing a stamped, self - addressed envelope.



DON'T BE AFRAID TO USE COLOR!

Color can work decorating magic for you! And the wonderful thing about it is that you don't have to be a magician to use it. The great beauty of nature that exalts us is largely the beauty of color. Yellow is the color of the sun—bright and cheerful. Red is intense heat—when modified it produces cozy warmth, or exciting drama. Blue is peaceful—gives a restful effect. Green is the garment of growing things—it is tranquil and alive. All other hues are the result of combinations of these basic colors.

When you plan you color scheme, determine right off what you want color to "do" in your room. Do you want it to add or diminish light? Must it stimulate or relax? Add a sense of greater spaciousness to a small room, or contribute coziness to a largeo ne? The answers to these and other questions will dictate which colors to use.

The simplest color schemes of all —the monochromatic scheme—was chosen for the room sketched above. Varying shades of beige have been used throughout. Beige walls are tinged with yellow to give the effect of sunlight in a room of northern exposure. Golden brown upholstery fabrics and the soft patina of the hand-rubbed wood finishes add richness. An interplay of textures keeps the room from being monotonous.

A big part of the charm of your living room—your entire home, for that matter—depends on the way you choose and use accessories. Perk your room up now with a pair of our new lamps with companion lamp tables. We offer you several styles in our hand-picked group.

Weddings

A ceremony on Saturday, Feb. 7, at 11 o'clock in the morning in St. Paul's Episcopal Church united in marriage Miss Jean Ferguson, daughter of Mr. and Mrs. Stanley T. Ferguson of 249 S. Seffner Ave., and Charles Matlaga. He is the son of Mr. and Mrs. Nicholas Matlaga of Elizabeth, N. J.

The Rev. John Osgood Hart, rector of St. John's Episcopal Church in Detroit, Mich., officiated. Presenting nuptial music were Miss Grace Cooper, organist, and Mrs. Natalie Rossyan of Detroit, vocalist. White flowers were arranged in the altar vases.

Given in marriage by her father, the bride wore a ballerina length gown of dull white satin styled along princess lines with a Sabrina neckline on a short jacket. Appliqued lace accented the skirt. Her fingertip length veil was caught to a headband of pearls and sequins and she carried an arrangement of white camellias on a white prayer book.

The matron of honor and only attendant for the bride was Mrs. Richard E. Dean of Ecorse, Mich. Her gown of beige lace was ballerina length and she had a bouquet of blue flowers.

Gerald Englar of East Lansing, Mich , served as best man for the bridegroom and the guests were seated by C. M. Stubbs of Marion.

A reception followed in the parish house and later the couple left on a short wedding trip to Chicago, Ill. They will be at home after March 1 at 3386 Morrison St. in Cincinnati.

Both Mr. and Mrs. Matlaga are graduates of Michigan State University. He is employed as a Junior City Planner with the Cincinnati Planning Commission.

Out-of-town guests at the wedding were from East Lansing, Port Huron, Detroit and Ecorse, Mich., and Cincinnati.

President Rajendra Prasad of India is 74 years old.

Crawford Accepts Bids on Truck, Car

BUCYRUS—The Patterson Pontiac Co. of Galion and the McCormick Farm Equipment Store of Bucyrus were the successful bidders for a truck and passenger car for use by the Crawford County Highway Department, the county commissioners announced here today.

The commissioners awarded the bid to the Galion firm for a 1959 two-door sedan to be used by Milton L. Sand, county highway superintendent, on its bid of $1,994, including a trade-in allowance for a 1955 sedan. Other bidders were Huggins and Wingate, Inc. of Bucyrus and Schneider Chevrolet Co. of Crestline.

The McCormick firm received the order for a truck tractor and chassis with standard cab at $8,099. The truck tractor is to be used to pull a 24-ton trailer used to haul the county's heavy road-building equipment. The trailer was purchased a short time ago.

Other bidders on the truck included Huggins and Wingate, I. F. Toombs Truck and Equipment Co of Cleveland, Bucyrus Implement Co., Inc., and Owners' Product, Inc., of Galion.

Twenty-three other adults and children suffered serious injuries in the accident during a festival celebration Tuesday night in the farming community of Estacion Coahuila, 18 miles south of here.

Lunch in Honor Of Washington Held by DAR

A floral arrangement in the patriotic colors of red, white and blue along with lighted tapers in the same colors and greenery decorated the tables for the annual George Washington's Day luncheon of Captain William Hendricks Chapter, Daughters of the American Revolution, Saturday at Hotel Harding.

Place favors for members and guests were silhouettes of George Washington. The regent, Miss Elizabeth Ammann, and the guest speaker for the affair, Miss Pansy Rauhauser were presented corsages of red carnations.

Miss Ammann presided for a business session which was opened with devotions by Mrs. Henry R. Stauffer. She also led the group in the pledge to the flag. Three vocal selections were given by Mrs. Raymond V. Furnis, Mrs. M. Giles presented a paper on "Songs of the Revolutionary Period," and Miss Rauhauser's topic was "Patriotic and Historical Books in the Ohioana Library."

Accompanied by Mrs. Cecil Davis, Mrs. Furnis sang "The Second Minuet" by Besly, "The Morning Wind" by Branscombe, and "The Sweetest Story Ever Told," by Stults. Miss Elizabeth Conley, program chairman, was in charge.

Miss Maud Gorham announced the next benefit bridge party will be held March 9 in the community rooms over the West Town Branch of the National City Bank. Proceeds will go toward a nurses scholarship for Miss Judith Hale, an Indian girl in nurses training at Sisters of St. Joseph Hospital in Ponca City, Okla.

Arrangements for the luncheon were in charge of Miss Helen Kramer, chairman of the social committee, assisted by Mrs. John Turner, Mrs. B. H. Gast, Mrs. Calvin Oborn, Miss Maxine Field, Mrs. C. R. Thomas, Mrs. R. E. Copeland and Miss Conley.

Guests were Mrs. Arthur McClellan of Urbana Chapter DAR, Mrs. F. W. Davis of Columbus, Miss Violet McBride of Columbus William Crawford Chapter, DAR, and Miss Mella Van Meter, Miss Rauhauser, Miss Olive Gurley, Mrs. Carrie Barnthouse, Mrs. John Gries, Mrs. Stewart Labat, Mrs. Jerry C. Seaton Speaks At Miami U., Given Degree

OXFORD, Ohio (AP)—Secretary of Interior Fred A. Seaton today urged a university student audience to hope and pray for international cooperation which would counter propaganda from military, scientific and economic competition.

At Miami University, where he was given an honorary degree, Seaton denied that Russian production is outstripping that of the United States.

He also said he "sincerely believes it a significant fact" that Russian scientists are participating in research to improve world living standards.

"Whenever a Russian child learns to read, whenever a Russian scientist makes a discovery, in some small measure, at least, we can have cause for hope as well as some apprehension over the use to which this learning and this science can be put," Seaton said.

He told the students they should:

Develop the habit of looking at alleged facts only in the cold light of reason.

Subject to the most intense public scrutiny everything government does and spends for.

Recognize the revolution of rising expectations which is taking place in the less developed countries of the world.

Seaton was given an honorary law degr eca ndcaitatnpiasoir- law degree and a citation praising him as a "demonstrator of the responsible use of mass communication to inform and educate the citizenry of a democracy," and as a public servant and advocate of converatism.

Crawford Board Okays Textbooks For Rural Schools

BUCYRUS — Textbooks for speech, journalism and literature classes from grades 7 through 12 were adopted by the Crawford County Board of Education at its monthly meeting here Wednesday night.

The textbooks, which had been recommended by teacher committees, include six for literature classes and one each for speech and journalism class.

County School Supt. E. S. Treherne informed the board that other textbook committees are studying books at present and will make their recommendations by May 15. The committees include spelling, elementary science, Latin, French and Spanish and trigonometry and solid geometry.

The board approved the payment of $10 travel expenses for each of three speakers who will be present next Thursday night at a county-wide school bus drivers training meeting in Galion. The speakers are E. B. Sessions of Ohio State University; F. D. Cochran of the state department of education, and Steve Lewis, executive secretary of the Ohio Association of Public School Employes in Columbus.

The substitute bus driver application of Freeman J. Kalb of Lykens was approved.

International Exchange Of Theater Ideas Asked

NEW YORK (AP) — A project for international exchange of stage ideas has been launched by the Institute for Advanced Studies in the Theatre Arts.

The new organization plans to invite professionals from Europe, Asia and South America to conduct six-week seminars on elements of acting, staging, designing and playwriting.

The institute was formed by Dr. John D. Mitchell and his wife, Mirian, both long active in the theater and education.

Rules for Morrow's Science Fair Next Month Are Outlined

MOUNT GILEAD—H. Ray Wagner, chairman of the Science Fair to be held in Morrow County March 23 through March 27, said this week that the fair will be bigger and better than last year.

It again will be held in the first and second floors of the North Electric Co. building on W. High St. in Mount Gilead with exhibits from the first six grades located on the second floor and exhibits from seven through 12 on the first floor.

Rules Sent to Schools

Rules concerning exhibits were sent to Morrow County schools this week and contain the following information:

Exhibits will be set up on Thursday, Friday and Saturday mornings of the preceeding week.

All special drawings are to be mounted on white cardboard. Written stories must be on white paper

Entry cards will be taken to schools. These must be filled out neatly in ink and attached securely to each exhibit. Parents are encouraged to bring their own child's exhibit to the building and help in any way.

Judging will take place on Saturday afternoon, March 21. Students of the upper six grades are required to be at their exhibits when they are judged if they are striving for a superior rating. Each exhibit will be judged on its own merit. Written articles must accompany each exhibit

Students who are to be interviewed by judges are the only persons who will be admitted to the fair building Saturday afternoon.

Will Give Certificates

Certificates will be given to each individual exhibitor. When only two students have an exhibit, each student will receive a certificate One certificate will be given when more than two students enter an exhibit. Certificates will be taken to schools.

A schedule for visitation by schools will be made. The fair building will be closed from noon until 3 p.m. Good Friday afternoon, March 27. The building will be open every night until 9:00 p.m.

Exhibits shall not be removed before Saturday morning, March 28, and must be out by noon to allow time for removal and return of borrowed property.

Preliminary project report forms must be filled out by each classroom and high school science class teacher by March 6. This is done so that the total amount of table and wall space can be provided. These will be picked up at all schools on above date.

News of Granges

BETHLEHEM

The boys and girls 4-H clubs of Waldo presented the program for a meeting of Bethlehem Grange Tuesday night in the grange hall. In charge were the leaders of the two groups, Mr. and Mrs. Oscar Kaelber.

For the boys part of the program, a "Truth or Consequences" game was conducted. Taking part were James Gerfen, Steve Scheinfurth, Jerry Ward, Donald Donnehoo, Wayne and Gary Demorest, Gary McMahan, Tom Denman and Carroll Heimlich.

The program by the girls included a saxophone solo by Linda Lichtenberger and a flute solo by Joyce Litchtenberger, both accompanied by Mrs. Robert Rice, and a telephone skit by Mary Ann Naher, Harriet Hickman, Shirley Kaelber and Gary McMahan.

Also for the program, a movie, "The Town That Came Back," was shown by John Nicholson, assistant Marion County agricultural extension agent.

Lowell Beringer, master, presided for the business meeting in which one application for membership was received. Refreshments were served by Mr. and Mrs. Paul Fogle and Mr. and Mrs. Lowell Beringer. For the next meeting, March 10, Mrs. Charles Ullmer and Miss Marie Bender will be in charge of refreshments and members are asked to bring cupcakes or jello.

Composer Victor Herbert's favorite of his own works was "Eileen," first named "Hearts of Erin." It was never a success.

Ohio Bell, CWA Continuing Talks

CLEVELAND (AP) — An Ohio Bell Telephone Co. executive said today he hopes the company and the Communications Workers of America will reach a contract agreement by the end of this week

Negotiations, begun about a month ago, continued here today, with the union seeking announced improvements in a contract which expires Saturday night and which covers about 17,000 workers.

Carlisle Milner, vice president-personnel, said of the sessions:

"I am hopeful for a fair and equitable agreement by the end of the week—one that will be mutually satisfactory for the union and the company. I have confidence every effort is being made to find a common meeting ground."

Itch Leads to Trouble, Kentuckian in Hospital

MAYSVILLE, Ky. (AP) — Charles Hutchings will be careful the next time he scratches his back.

The last time he tried it, Hutchings was hospitalized with sprained ligaments in his shoulder, a bruised left elbow and a swollen upper left arm.

He fell back on his arm while scratching.

Eye Infection Still Troubles Billy Graham

MELBOURNE, Australia (AP—A recurrence of eye infection kept evangelist Billy Graham in bed today. But he will go on with his Melbourne crusade, said the Rev. Grady Wilson, a member of Graham's evangelical team.

"The eye trouble has been with him, ever since the Melbourne crusade began almost a fortnight ago," Wilson said.

The infection delayed Graham's departure from the United States for Australia early this month. He spent two weeks in Hawaii recuperating from it.

The doctors have advised Graham to rest as much as possible and told him to cut his sermons from 60 to 35 minutes to reduce the strain.

About 200,000 persons so far have attended Graham's Melbourne meetings, which began 11 days ago.

The evangelist told a capacity crowd of 25,000 Wednesday night to pray for "Macmillan in Moscow, and Dulles and all other world leaders who are working for peace."

Asks Investigation

WASHINGTON (AP) — Clifford Crail of Cincinnati, in a petition filed Wednesday with House Speaker Sam Rayburn, has demanded a congressional investigation of Ohio Gov. Michael V. DiSalle for alleged mistreatment at the governor's office Feb. 17. Crail said his rights as a citizen had been violated, but he gave no details. The petition was referred to the House Judiciary Committee.

Morrow Recommends 2 Men for Highway Jobs

MOUNT GILEAD — Two men were approved Wednesday by Division Six of the State Highway Department at Delaware for the post of county highway superintendent and timekeeper, according to Jack Porter, county Democratic chairman.

Walter Sautter of near Mount Gilead, was recommended for the post of superintendent and John Elliott of Cedar St., Mount Gilead, for timekeeper.

Confirmation of the appointment must be received from the state highway department. William Casto is now local superintendent.

The United States buys more from Latin America than from any other section of the world.

Preston Warns Staff Against Accepting Political Donations

COLUMBUS, Ohio (AP)—State Highway Department division engineers have been ordered flatly not to accept political contributions—"in no way, shape or form."

The warning came from their boss, Highway Director Everett S. Preston, and Gov. Michael V. DiSalle at a conference of division engineers Wednesday.

The governor told the engineers they would be under no political pressure from his office. He said he would not interfere with their work, but would handle through Preston anything that came up in connection with their divisions.

Preston backed up DiSalle's contention that the engineers should not accept political contributions—"in no way, shape or form, even to pass on to someone else."

Controversy developed during the last Republican administration over the handling of such contributions by division engineers. The present state administration is Democratic-controlled.

Preston told the engineers the problem of acquiring right-of-way for roads "is the most urgent, distressing matter faced by the Highway Department right now."

He contended that at the rate right-of-way was acquired during the last two months of 1958—the closing months of the Republican administration—it would have taken until August getting right-of-way on jobs already awarded."

Submits Low Bid

COLUMBUS, Ohio (AP)—General construction work on a physics and mathematics building at Miami University, Oxford, will cost at least $756,900. That was the apparent low bid submitted Wednesday by Frank Messer and Sons, Inc., Cincinnati. The state public works department said the bid compared with the state estimate of $779,312.

Mall Is Proposed To Ease Columbus Downtown Traffic

COLUMBUS, Ohio (AP)—Columbus' traffic engineer has proposed a shopper's mall which would eliminate all private motor traffic in the downtown business area.

James V. Musick said Wednesday the proposed eight-block mall is the only answer to downtown traffic problems which, he predicted, would become a hopeless snarl with completion of the inner belt system. Free buses would transport travelers within the area and only business vehicles would be permitted.

The mall, bound by Long, Front, Town and Third streets, would be completed in five years.

First phase of the project will be started late this spring, Musick said.

Racket Probers To Check Labor Unions' Political Spending

Mundt Says Inquiry Will Be Extensive

Investigation Likely To Start New Fight In Senate Committee

WASHINGTON (AP)—The Senate Labor-Management Committee plans an extensive investigation of labor unions' tactics and spending in political campaigns, Sen. Karl E. Mundt (R-SD) said today.

Mundt, the committee's vice chairman, predicted the inquiry will deal at some length with:

1. Whether some union flower funds—set up to buy flowers for members who are sick or have died—are used only for those purposes.

2. Whether federal laws forbidding unions to participate in federal election campaigns have been violated or circumvented.

The inquiry is believed certain to plunge the committee's four Democratic and four Republican members into bitter controversy. An investigation of Walter Reuther's United Auto Workers union last year touched off such a squabble.

The UAW and many other labor unions traditionally support Democrats against Republican candidates.

Republican members raised some critical questions about UAW flower funds during last year's inquiry, but the committee refrained from ordering an audit of those funds at the time.

One committee member, Sen. Barry Goldwater (R-Ariz), was described as proposing that the new inquiry embrace the explosive subject of unions' tactics in last November's election campaign against "right to work" laws. Such measures were defeated in five of the six states in which they were voted on last fall.

The committee's chairman, Sen. John L. McClellan (D-Ark) confirmed that the right to work issue had been mentioned Wednesday in a closed meeting, but he said no motions were made or votes taken. He declined to elaborate.

The committee wound up its public hearings Wednesday on alleged extortion rackets in Chicago area jukebox and game machine operations.

meet formally Monday to draw up a communique.

Diplomatic sources said the communique likely would touch only slightly on international affairs, and would express agreement in principle to have more trade and more cultural exchanges.

The talks thus appeared to have made little headway in reconciling British and Western policies with those of the Soviet Union.

Whirlpool Labor Hearing in Third Day in Court Here

The National Labor Relations Board hearing on two unfair labor practices charges filed against the Whirlpool Corp. by the United Auto Workers union entered the third day today.

In Wednesday's session, Carl W. Adkins of 840 Bennett St., a former employe of Whirlpool's Marion division plant, completed his testimony at 11:30 a.m. and five other witnesses were called to testify until adjournment for the day came at 6 p.m.

The five were: Billy Fultz of 136 N. Vine St., Clifford Hecker of near LaRue, Arnold Lester of 677 Gates St., Don E. Williamson of Central Dr. and Stanley Rush of 197 Bellevue Ave. All are present employes of the plant with the exception of Mr. Hecker who is a former employe.

Prosecuting the case for the NLRB is Robert Butler of the NLRB's 8th District office at Cleveland, assisted by Carrell L. Martin, also of the Cleveland office.

The company is accused by the union with discrimination in the dismissal of Mr. Adkins and with intimidation of an employe council at the plant, in violation of labor laws.

On conclusion of the testimony, now expected to continue through the balance of this week and into next week, Bruce Hunt, the trial examiner, may either immediately file his report and recommendations or take the case under advisement.

He may recommend either that company cease and desist from unfair labor practices or dismissal of the complaints. In either case the question may be appealed to the Federal Circuit Court of Appeals and from there to the U.S. Supreme Court.

Parking Survey

(Continued from Page 1)

can come from the increased revenue that would be produced by following his parking survey recommendations.

The traffic survey his firm would make would be different from the arterial highway report the city now has and would be completely coordinated with the existing report, he said.

Need One-Way Streets

Some of the things Marion should do is to establish a one-way street system and retime traffic lights to facilitate traffic flow, he said.

His firm has made parking surveys or traffic surveys or both in such cities as Tiffin, Bucyrus and Newark.

In Newark, the parking meter revenue increased $20,000 in a six month period in 1958 after the recommended changes, he said.

The most opposition to recommended parking changes comes from the businessmen but it is for their benefit as well as the benefit of the general public that the changes are recommended, he said. He emphasized that the changes are not proposed to increase city revenue but to improve parking conditions with subsequent improvement of retail business.

It is his opinion that off-street parking lots or garages will not solve the parking problem unless there is a coordinated adjustment of curb parking rates and times.

Mayor Strong interjected that he has observed parking meter systems instituted in Newark and Tiffin by Mr. Ferneau and knows that they work.

Mr. Ferneau said that generally speaking, his firm has as its object the establishment of rates and times that will keep 20 per cent of the downtown parking spaces open and fluid at all times. He cited statistics to support his contention that most city shoppers today like to park, go into a store, make a purchase, return to their cars and move on, thus increasing the demand for short-term meters.

On the other hand, rural persons coming into the city to shop generally spend more time and under the proposals of his firm, long-term, lower-rate meters are provided a little more distant from the heart of the shopping center.

Problem To Get Worse

Estimates are that there is going to be a large increase in population in the next few years and this will mean more automobiles and even more traffic and parking problems in the future, he said. The answer to the parking problem eventually will be multi-tiered mechanical parking garages but the first thing to do is to obtain maximum use of curb parking, he said.

He also suggested the possibility of the city installing parking ticket fine boxes at stragetic locations on parking meters in the downtown area. He said that the revenue from overtime parking fines has increased considerably in other cities where this plan has been adopted. He offered to install the fine boxes in Marion on a 90-day trial period free of charge.

The meeting last night was attended by members of the City Traffic Commission, the mayor, Safety Service Director Howard W. Travis, Jack Lautenslager of the Chamber of Commerce, members of the C. of C. parking committee, Mr. Williams and Everett Matlack, parking meter maintenance man.

Mr. Ferneau was accompanied by Walter B. Wenrick, a special representative for his firm.

county level by offering state subsidies for the salaries of probation officers.

Counties would be reimbursed for up to $2,400 of an officer's annual salary and up to $3,000 of a supervisor's salary.

Lady estimated the cost of the measure at $264,000 a year. But he pointed out that the per-child probationary cost of $200 a year is small compared to the $1,300 annual expense for each inmate at Boys' Industrial School and $1,500 at Girls' Industrial School.

He added that the financial savings are secondary to the restoration of young delinquents to useful lives in their communities.

Lady also offered a bill to repeal the existing provision for state subsidization of juvenile court judges' salaries. The legislator said the subsidies are not being paid, but the bill would resolve a question of whether they should be.

Rep. F. K. Cassel (R-Wyandot) introduced two measures requested by Tax Commissioner Stanley J. Bowers to clear up technicalities in the law. One would authorize the use of metered stamps on cigaret packages which the state has been doing without specific legal permission. The other would allow the commissioner to make adjustments on cigaret stamps lost or destroyed in disasters.

Cassel said the measure grew out of the recent Ohio floods, when many distributors suffered heavy losses of cigaret stocks.

Railroaders Laud Retiring Workers

Fifty-six employes of the Chesapeake and Ohio Railroad and the Erie Railroad freight and passenger division held a dinner Wednesday evening at Hotel Harding in honor of Robert H. Stief, Arthur W. Furstenburger and Earl F. Detwiler.

Mr. Stief, retiring Union Depot ticket agent and Mr. Furstenburger and Mr. Detwiler, retired baggage masters have totaled 131 years of service in Marion.

Guests at the dinner were: Mr. and Mrs. Paul Koebel, assistant superintendent of the C.&O. in Columbus; Mr. and Mrs. C. E. Chesher, trainmaster of the C.&O. in Columbus; Mr. and Mrs. Don Schoonmaker, chief dispatcher, Erie Railroad in Marion; Mr. and Mrs. William Gussee, district agent for the Santa Fe Railroad in Cincinnati; Mr. Don McCoy, travel passenger agent of the C.B.&Q. Railroad in Cleveland; Mr. and Mrs. Harry Snouffer, assistant trainmaster of the C.&O. in Marion; Mr. and Mrs. John Griffith, passenger agent, C.&O. Railroad in Detroit; Graden Sobers, traffic manager of Marion Power Shovel Company; A. G. Stein, freight agent for the Erie Railroad in Marion; O. S. Savely, C.&O freight agent in Marion; Mr. and Mrs. Ralph Paul, division chairman of the Brotherhood of Railway Clerks in Carey; and Paul Frey, division special agent for C.&O. in Columbus.

Marion Area Auto Mishaps

Both cars involved in a Rt. 30-S collision Wednesday were considerably damaged.

State patrolmen said the mishap occurred one-half mile west of Caledonia at 7:30 a.m. It involved autos driven by Charles W. Harris, 29, of 313 Windsor St. and Chester L. Miller, 43, of near Caledonia.

According to the report, the Harris vehicle pulled out of a side road into the path of the Miller car and the two collided.

Harris was charged with failure to yield the right of way.

Three Mishaps in City

One person was injured in one of three traffic accidents investigated Wednesday by Marion police. Clarence M. Layne, 20, of 759 N. State St. suffered a bump on the head in a collision in the 100 block of N. Prospect St. at 9:52 a.m. He was taken to the Smith Clinic for treatment.

The other car involved in the accident was driven by Mary K. Stone, 37, of Caledonia. She was traveling west in an alley and Layne was traveling north on N. Prospect St., police said.

A truck driven by Alton R. Brown of Greensboro, N. C., struck a parked car in the 100 block of S. State St. at 3:19 p.m. The parked car was owned by Leon E. Obenour of 396 Commercial St.

A collision at Jefferson and E. George streets involved cars driven by Harold N. Peiffer, 30, of 1267 S. Prospect St. and Ethel Marie Bryant, 37, of 132 E. Farming St.

Industrial Safety Council Agrees to New Award Plan

Members of the Industrial Safety Conucil of the Chamber of Commerce voted Wednesday noon during their monthly luncheon meeting at Hotel Harding to make annual safety awards on the basis of improvement in safety record.

The new idea was approved after presentation by William Stout, chairman of the classification committee for awards' groupings. It will go into effect this year.

Sixteen companies reported no lost time accidents during January They were Alloy Cast Steel Co., American Malleable Castings Co., the Baker Wood division of the D. B. Frampton Co., C. & O. Railroad, Erie Railroad, New York Central Railroad, Harding High School Vocational Shop, Ohio Fuel Gas Co., Marion Engineer Depot, General Telephone Co., Eaton Manufacturing Co., Marion Metal Products Co., Marion Power Shovel Co., Arro Expansion Bolt Co., B. F. Goodrich Co. and Quaker Oats Co.

Representatives from the companies which had accidents during the month reported the steps being taken to prevent their recurrence.

DeMar King, council chairman, presided for the meeting.

Liquor Permit Awarded To Brown Jug Owners

Issuance of a liquor permit to two Marion County men was announced today by Richard C. Crouch, director of the Ohio Department of Liquor Control.

Virgil Frances and John Perry Court, doing business as The Brown Jug on State Rt. 4 at Newman Rd., were issued a D-3 type permit, which authorized them to sell liquor and wine by the glass until 1 a.m. The Brown Jug is a restaurant.

The permits were issued in accordance with a regulation setting quotas revised to the state's 1959 population.

Judge Sends 3 To Workhouse In Theft Cases

Terms in the Columbus Workhouse and $50 fines were levied against three men by Municipal Court Judge W. Dexter Hazen after they pleaded guilty to separate charges of petty larceny in court Wednesday and today.

Sentenced to six months in the Workhouse and fined $50 and costs in court Wednesday was Corwin Arthur, 20, of 132 Johns St. He was charged by city police with the theft of three automobile transmissions from Sims Brothers junkyard on S. Prospect St. and the theft of a part from an automobile owned by Ralph W. Whetro.

Two other youths, arrested with Arthur, pleaded not guilty to similar charges yesterday. They were Fred Evans, 19, of 207½ N. Main St. and Dale Gregory, 18, of near Marion. Their hearings were to be scheduled later.

Sentenced to 90 days in the Workhouse and fined $50 and costs each on petty larceny charges today were: Robert E. Davis, 26, of 491 Decatur St. and Willington Martin, 24, of 404 Nye St. Each also was fined $15 and costs on intoxication charges.

They were arrested on Davids St. at 1:05 a.m. today by police for investigation of the theft of a carton of motor oil from the Marion Municipal Airport.

Police received a call from Robert Sage of the Marion Air Service at 11:41 p.m. Wednesday that he had just seen two men trying to steal some gasoline from a tank truck at the airport. He told police about the theft of the carton of oil. Mr. Sage said the two men got in a car and drove off when he drove into the airport, but not before he obtained the license number of the car and its description.

Police Reports

Two dog bite cases were reported to city police Wednesday.

Darrell Hinklin, 12, of 701 Windsor St., was bitten on the lower right leg about 6:36 p.m. in the 700 block of Windsor St. He was treated by a local physician.

Richard Rudd, 6, of 165 Latourette St., was bitten, also in the lower right leg, about 6 p.m. in the 100 block of Latourette St.

Temperature Expected To Reach 50 Degrees

Spring was "bustin' out all over" Wednesday in Marion County, as the mercury, benefited by a cloudless sky and bright sun, rose to a high of 44.

It was a bit cooler over night, with a low of 26 recorded. The mercury stood at 39 at noon today, with a high of 50 anticipated.

Showers were forecast for tonight and Friday, but little change in temperature is expected. Friday's high is to be 55.

Addresses Assembly

DiSalle Urges Approval Of Development Board

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle today urged Ohio lawmakers to set up a new Economic Development Department designed like "a giant Univac to provide the answers for the future.

His message was the highlight of the closing legislative day of the lawmakers' eighth work week. Accompanying the message was a bill to carry out DiSalle's recommendations.

Ninth Sent to Assembly

The governor's message, his ninth to the 103rd General Assembly, came on the heels of Senate passage of a bill to lift the present $65-a-month ceiling on aid for the aged and the needy blind. The bill now goes to the House.

The economic development bill proposed creating three divisions in the new Cabinet-status department: A Division of Economic Growth, another for Industrial Development and a third for Research and Planning.

DiSalle told the lawmakers:

"This step may be the greatest single one taken by a Legislature in Ohio in many years, for the potential of this department has no limits in translating today's problems into tomorrow's solutions."

Move Brings Scrap

Senate approval of the ceiling-lifter on aid for the aged and blind, even though it was included in both party platforms last year, was not without its angry aspects.

Before it passed with only Republican Sen. William H. Deddens (R-Hamilton) dissenting, four Republican - sponsored amendments were killed.

In the hassle at the end of a long debate, Senate Minority Leader C. Stanley Mechem (R-Athens) attempted to object to an assertion by Sen. Charles J. Carney (D-Mahoning) that "the elephant, like the leopard, never changes its spots. The elephant shows no concern for the orphan, the widow, the working man . . ."

Mechem protested: "This is in poor taste. We don't deserve this type of attack." But Senate Majority Leader Frank W. King (D-Lucas) gaveled him back into his seat because he had not been properly recognized. King was presiding in the absence of Lt. Gov. John W. Donahey.

Amendments Rejected

The rejected amendments asked that the allowable value of an aid recipient's homestead be kept at $6,000 rather than the $12,000 the bill provides; that the Senate restore the citizenship requirement dropped by the bill; that a reciprocity clause requiring Ohio to honor lower residence requirements of other states be killed and that a requirement that applicants for aid must have lived in Ohio for at least five of the last nine years be restored. The bill reduces the requirement to three of the last nine years.

The bill will add another 13½ million dollars to the cost of the two aid programs in the next two years, sponsors estimate.

Before the aid ceiling dispute, the Senate passed a bill to permit teachers to serve on library boards and the House passed and sent to the Senate bills to:

Permit county commissioners to buy or lease zoo lands and operate zoos.

Permit school boards to pay school employes called to jury service the difference between the school salaries and jury pay.

Among bills introduced were measures to:

Create a five - member state scholarship board to grant college scholarships in each county on the basis of five $1,400 scholarships for each state representative.

Extend jurisdiction of Mayor's Courts to moving traffic violations outside municipal limits.

Establish Columbus Day as a legal state holiday.

Permit sale of intoxicating liquor on Sundays after 4 p.m.

Abolish parimutuel wagering at racetracks.

Repeal prohibition on premiums in connection with cigarette sales.

Permit 60-day restraining orders against utility strikes.

Planning Unit To Study Five Permit Pleas

Five applications for permissive use will be heard by the city planning commission at a meeting at 7:30 p.m. March 2 in City Hall.

Arthur E. Probst, owner of a building on the corner of E. Fairground and N. State streets, is asking to use a portion of the structure as an automatic laundry.

Harkless Crace and Gladys Crace of 90 Carolyn Dr., and Forney Crace of Underwood Ave., want permisison to use a building at 183 Jefferson St. for a repair shop.

Violet E. Pickens of 523 N. State St., has applied for permission to use the kitchen of her residence to bake pastry for sale by order only.

Martha B. Smith of 532 Park St., and Everett W. Smith of Barks Rd., want to locate a trailer on a lot on N. Greenwood St., and Henry Schuler Jr. of 370 Mary St., and Anna Ceplova of Barks Rd., want permission to operate a cigar, newspaper and magazine stand at 543 S. Prospect St., formerly a pet shop.

May Escape Avalanche

HERBRIGGEN, Switzerland (AP) — Hopes rose today that this mountain village may be saved from being crushed to death.

Free Medical Care Provided For Indigent County Patients

Free medical, surgical and obstetrical attention provided welfare patients by members of the Marion County Academy of Medicine saved county taxpayers hundreds of dollars during 1958.

This is revealed by records of the Marion County Welfare Department and the Marion General Hospital which show that a total of 187 hospitalized welfare patients were treated without charge by the doctors in the city and county last year.

Of the total, 51 were surgical, 81 were medical and 56 were obstetrical patients, the records show.

This free medical attention for welfare patients was started voluntarily in May 1951 by the local medical academy, Miss Vivian Hall, director of the county welfare department reports.

She said the welfare department received notification then that the academy had voted to adopt such a policy and that an agreement has been in effect ever since between her department and the academy.

While this arrangement is not unique among other Ohio counties, it is believed to be the only such agreement between doctors and welfare departments in counties in the Marion area.

Miss Hall said that the free service is greatly appreciated by city and county officials and because of it, it is possible to provide medical attention for a greater number of persons on the welfare rolls.

In the nine years since the agreement became effective, it has saved the county taxpayers thousands of dollars in medical fees, Miss Hall estimated.

The agreement covers only those persons on the welfare roster who are confined to the hospital for treatment. And while the doctors' services are free to such persons, the welfare department does pay the hospital charges, Miss Hall noted.

Fined on Dog Charge

UPPER SANDUSKY — Charged by Wyandot County Dog Warden Jack Stalter with harboring an unlicensed dog, Earl Weaver of Upper Sandusky was fined $10 and costs in Municipal Court here Wednesday.

HELD IN POISON PLOT. Mrs. Edna Howard (left) and James L. Wills are shown in custody of police after they were arrested on a warrant from Phoenix, Ariz., charging them with administering poison with intent to kill. The pair is accused of attempting to kill Mrs. Howard's six-year-old son, Michael Howard, with poisoned candy mailed to him in Arizona where he attends a school for handicapped children. Marion Resident Serving on State Committee of PTA

Mrs. Smith H. Witter of 476 Mt. Vernon Ave., vice president and director of district directors for the Ohio Congress of Parents and Teachers, is a member of the state committee which will select PTA scholarship recipients for 1959.

State officials reported today that the committee will meet in early April to determine the winners. Under the program $200 scholarships are given to qualified high school seniors who agree to teach in Ohio public schools for the same number of years the scholarship is awarded. The grants are presented for one year, but may be renewed a second year.

From 900 applicants last year, 162 received the initial scholarship and 149 were presented renewals for the second year to continue their education.

The deadline for submitting student applications this year is March 1. They should be sent to the Ohio Congress office, LeVeque-Lincoln Tower, Columbus 15.

Morrow Helps Form New Unit In Watershed

Flood Control Sought By Three Counties in Kokosing River Area

MOUNT GILEAD—Three Morrow County men have been elected to the new Kokosing River Watershed committee which seeks to establish a flood control program.

The Kokosing watershed covers much of the eastern half of Morrow County. L. D. Rinehart and Claude James of east of Mount Gilead and Carroll Lloyd of near Marengo will serve on the planning committee for the Knox, Morrow and Richland County group.

The committee will meet at Fredericktown tonight to discuss the program as proposed by George McConnell of the Soil Conservation Service in Knox County.

Also present will be a representative of the Army Engineers and Bryce Browning, executive secretary of the Muskingum Conservancy District.

Dry Creek near Sparta, Granny Creek, Mile Creek, the Kokosing and North Branches of the Kokosing River are all in the watershed area and have their headwaters in Morrow County.

Securing federal aid for conservancy programs will be discussed.

Howard Ziegler Elected President Of Dance Council

Howard Ziegler has been named president of the Marion Area Square Dance Council.

Other officers chosen Tuesday night during an organizational meeting at the YMCA were Douglas Orr, vice president; Roy Miller, secretary, and Walter Haldeman, treasurer.

Named to these committees were: Walter Heron, Les Eblin, Paul Thibaut, Ed Ridenour and Dale Healen, publicity; Charles Eblin, Lowell Pollock and Hugh Johnson, beginners' dance groups, and Roy Miller and Leonard Benson, constitution.

The group adopted as its purpose promoting western style square dancing in Marion and the surrounding area. Plans were made to coordinate and advise all such dance activities in this area.

In other business the possibility of bringing a nationally known caller to Marion for a dance this spring or summer was discussed. Dean Ludwig, "Y" adult program director, spoke briefly.

The next meeting of the council was set for Tuesday night, March 24, at the YMCA.

Accountants Will Hear Marion and Galion Men

The North Central Ohio Chapter of National Association of Accountants will hold a discussion forum today at the Mansfield-Leland Hotel in Mansfield. The subject will be "Automatic Data Processing."

Discussion leader for the first session will be Herbert Schroeder, controller of the Whirlpool Corp., plant in Marion, who will talk on "Feasibility Studies for Data Processing."

Discusison leader for an evening session will be Raymond A. Hoffmaster, controller of the North Electric Co. of Galion. Mr. Hoffmaster will lead the discussion on "Applications of Equipment."

Program on Satellites Planned for Rotarians

E. C. Hughes, manager of the Standard Oil Co.'s Chemical and Physical Research Division in Cleveland, will be the guest speaker at the Tuesday noon meeting of the Marion Rotary Club.

He will talk about the satellite tracking projects of his company and play tape recordings from various satellites and moon probes and explain the sounds. He also will explain the launching and orbit characteristics of artificial satellites and their uses, both now and in the future.

Rex Kilbourn, program chairman for March, will introduce the speaker.

Ridgedale, Prospect Win Sectional Cage Contests

Two County Teams Nip Stubborn Foes

By JOHN SHORT

Ridgedale and Prospect, two of three top-seeded teams in the Marion Sectional Class A basketball tournament, each moved one step closer to the district crown Wednesday night at the Coliseum.

But both teams knew they had been in serious straits after squeezing to victory against underdog quintets.

Coach Bill Phillips' Rockets used an early lead to ease them past a stubborn Richwood squad 59-56 and Fred McCumber's Bulldogs, Marion County tournament champions, edged past an underrated Danville crew 62-60 on a field goal by Jack Fetter with just two seconds remaining.

—:—

RIDGEDALE spurted into an early lead and by the end of the first period had built up an 18-9 margin. But the Richwood defense tightened during the second-period action and Ridgedale managed only three field goals while scoring 12 points. Coach Bill Morrison's charges, meanwhile, were pumping in 19 markers. They grabbed the lead at 26-24 but trailed at the intermission 30-28.

Ridgedale encountered trouble breaking high-scoring Joe Moore loose. Morrison assigned Bob Hill to guard the Ridgedale ace and as a result Moore failed to score in the first half. He managed to record six points during the second half action.

A low-scoring third quarter saw Richwood post an 11-10 edge as the Tigers cut their deficit to one point 40-39. Early in the final stanza, the Rockets forged into a 47-41 lead but a Richwood press stalled the attack and the Tigers came back to cut their deficit to 47-46 when Hill dropped in a free throw. Two foul shots by Steve Williams gave Ridgedale a 49-46 lead but Hill connected from the field to make it 49-48. Fred Moore hit from the foul line and Williams added two more free throws for a 52-49 lead with 2:40 left. Steve Robinson and Williams traded baskets and Roger McDaniel counted on a jump shot and Ridgedale led 54-52 with 1:32 remaining. George Young batted in a rebound and a free throw by Fred Moore and another fielder by Clark put the game beyond reach for Richwood.

—:—

THE TIGERS held a 22-19 edge in field goals but the Rockets picked up 21 points at the foul line. The winners committed only 14 fouls and Richwood scored only 12 from the free throw line.

Williams finished as the big gun for Ridgedale with 20 points while Fred Moore scored 13 and Clark and Young each had 10. Robinson's 22 topped the Richwood attack while Hill netted 13.

Prospect found itself in serious trouble in the final quarter with both Tom Rodgers and Tim Hickman fouling out of the Danville battle.

The Danville team, carrying an 11-10 record into the fray, surprised the crowd of 2,150 paid fans by grabbing a 13-11 lead in the first period. The Bulldogs spurted backwith a 19-point spree in the seond stanza to take a 30-28 lead at the half and appeared to be safe foulwise. Rodgers completed the first half with none and Hickman had three.

The third quarter saw Prospect hit its scoring peak with a 20-point burst as Rodgers and Howard Moser each pumped in six points. The spurt sent the Marion Countians into the last quarter with a 50-43 lead.

The Bulldogs seemed to be on their way but with 5:27 to go Gary Durbin connected on a jump shot and added a free throw and the Blue Devils trailed only 55-52. Moser and Ken Phelps scored field goals and Hickman added a free throw and again Prospect had an apparent safe lead at 60-54 with 3:37 to go. But Mike Hagans hit from the foul line and Durbin hooked in another two pointer and Dick Mavis scored from the foul line and the score was 60-58 with 1:43 to go.

—:—

THE BULLDOGS thwarted a pair of Danville scoring thrusts before Hagans scored on a long set shot with 30 seconds to go to tie the score at 60-all. It was

Wrestling Match Slated at Coliseum

A three-bout wrestling card will be sponsored jointly by the Fraternal Order of Police Associates and the Harding High School Booster Club Sunday night at the Coliseum.

Buddy Austin will meet the Great Scott in the main event, a two out of three fall bout with a one-hour time limit. A tag team match will find Jackie Nichols and Marvin Mercer teamed up against Oscar Verdue and Chief White Owl. That bout also will be for two out of three falls.

The one-fall opener match at 8 p.m. will find Sweet Daddy Siki wrestling Juan Sebastian.

Frankie Talaber will serve as the referee and Buddy (Nature Boy) Rogers will be the ring announcer. Advance tickets may be purchased at Markert and Lewis. Prices are $2 for reserved seats and $1.25 for general admission.

General Telephone, McMillen, Pollak and Goodyear in Wins

In YMCA Industrial League cage activity Wednesday night, General Telephone downed Technical Service 55-39, McMillen defeated MPS 41-32, Pollak Steel routed Cardington 59-43, and Goodyear edged Whirlpool 69-62.

General Telephone trailed Technical Service 13-9 in the first period, led 24-22 at the half and 44-29 going into the finale. Dick Riddle was high for the victors with 17 points, while Pete Wade paced the losers with 17.

McMillen, behind 8-5 at the quarter, came on to take a 21-16 halftime edge, and was in the van 30-25 after three quarters. Bob Matthews posted 14 points to Glen Raines getting 15 for the Shovelmen.

Pollak led all the way to win over Cardington, having a 15-7 quarter edge, a 28-25 halftime margin and a 47-32 three-period advantage. Mike Anderson paced the victors with 14 points. Clyde Jenkins got 12 for the losers.

Goodyear also led from the outset to down Whirlpool. They were in front 19-15 at the quarter, 34-24 at the half and 45-43 at the three-quarter point. Matt Rock got 24 points to pace the winners, with Norm Buyer turning a similar trick for the losers.

DOGGED TIRED TEACHER

DENVER (AP) — Arden Hartman, an elementary school teacher, says his summer job is a lot harder than grading papers. He is racing secretary at the Mile High Kennel Club which means he has to draw up the fields of racing greyhounds—10 to 11 races nightly with nine dogs to a race.

SHORT SPORTS

By John Short

The early success and enthusiasm enjoyed by the Prospect High School boys trying their hand at wrestling comes as no great surprise to Dean Ludwig, coach of Marion's YMCA state champions.

SHORT

Pete Ayer, a Prospect High School faculty member, has been working with the students there on a part-time basis and the group shows promise of developing into a top-flight wrestling crew, according to Ayer and Ludwig.

"It doesn't surprise me in the least," Ludwig reported. "Interest in our YMCA team on the part of both participants and adults has been climbing by leaps and bounds and there is no reason the same thing can't happen at the schools."

—:—

LUDWIG POINTS to the tremendous increase in entries at last week's state high school wrestling meet and indicated he expects wrestling to become a full-fledged part of the scholastic athletic program in the next few years.

Ayers' idea in forming the Prospect team may be the chief factor in the growth of the sport. "We started the program with the idea of giving the boys not physically adapted to other sports the chance to compete," he said.

Eleven boys reported for the first practice session and nine still are taking part. "They like it and I think they could really come along," Ayer said. "Our most serious disadvantage is that I cannot devote enough time to them."

—:—

INTEREST IN the local team has been increasing steadily and attendance at dual meets has nearly doubled since last winter, Ludwig reported.

"The fans drop around to our matches for any number of reasons on their first visit," Coach Ludwig said, "but most of them keep coming back.

"Wrestline is not only a great sport for the boys but is also tremendous from the spectator's point of view. They are right on top of the action and seem to develop a great amount of interest."

Hopes for Comeback

Bob Lemon Seeks Tribe Bullpen Post

By The Associated Press

Bob Lemon and Warren Spahn, two of major league baseball's all-time great pitchers, have set different goals for the 1959 season.

Lemon, 38, is seeking to regain a place on the Cleveland roster as a reliever after sinking to the minors last season. Spahn, 37, is looking forward to another 20-game year.

Operation Performed

They faced each other in the second game of the 1948 World Series with Lemon winning 4-1. In the fall of 1957, after winning 20 or more games seven times, Lemon had an operation on his right elbow for the removal of bone chips. He hasn't been right since.

In mid-season of 1958, Bob was sent to San Diego and was released by the Pacific Coast League club at the end of the year.

Now, with youngsters Herb Score, Mudcat Grant and Gary Bell tabbed to do most of the Cleveland starting, Manager Joe Gordon is hoping Lemon can catch on in the bullpen.

"If Lemon can throw that sinker again, he'll help us — in relief, mostly," said Gordon at the Indians' training camp in Tucson, Ariz. "With that sinker, he'd be rough for a couple of innings."

Spahn, a 20-game winner nine times, predicted another banner campaign upon reporting to the Milwaukee Braves' camp in Bradenton, Fla.

Jack Urban of the Kansas City A's reported he still is feeling effects of an injury that plagued him last season. Urban was hurt in a collision at first base with Billy Goodman of the Chicago White Sox. Urban won 8 and lost 11 last year.

Shows Loss of 18 Pounds

Arnie Portocarrero, Baltimore right-hander, predicted he would win more than the 15 games he did last year after reporting 18 pounds lighter to the Orioles' camp in Miami.

General Manager John Quinn of Philadelphia has his eye on Gene Conley, the lanky Milwaukee moundsman, who is doubling as a pro basketball player with the Boston Celtics.

Chicago Cub pitcher Dave Hillman is using a five-pound iron ball which he hopes will eliminate the tight shoulder condition that bothers him every spring.

Joe Moore Only Unanimous All-County Selection

2 Prospect Stars Cited by Coaches

If you were to pick the 10 best Marion County High School basketball players, dividing them into first and second string quintets, whom would you choose?

The Star sports department polled the coaches of the Marion County League schools this week to determine their selections for The Star's annual all-county team.

All 10 mentors cast ballots. As a result, a first team was chosen as follows: Joe Moore, Ridgedale; Tom Rodgers, Prospect; Jeff Peacock, Pleasant; Max Strine, Claridon, and Tom Hickman, Prospect.

The second team is: Loy Crum, Green Camp; Paul Thacker, Martel; Jack Clark, Ridgedale; Howard Moser, Prospect; and Dick Johnson, Green Camp.

—:—

THESE ARE the 10 boys who, in the opinion of the coaches, have done the best all-around jobs this year and are, in consequence, the county's top cage stars.

To determine the first and second place fives, 3 points were alloted all players named to the first team, with one point for those picked for the second.

The two teams are, without question, ones comprised of basketballers of no mean skill. Significantly, all but one of the 10 are seniors. Martel's Paul Thacker, second team choice, has another year of eligibility left.

It would be difficult to ffind a first-string five with "more on the ball" than the ones named. An all-senior crew, the team includes two lads who moved up to the top quintet from last season's second team all-star choice—Prospect's Tom Rodgers and Ridgedale's Joe Moore.

—:—

IT IS NOT surprising to find both Rodgers and Hickman atop the pile. Fred McCumber's Bulldogs, who wound up tied for second in final loop standings with a 7-2 mark, are still going strong in tournament play, after grabbing the county title by downing Green Camp 67-54.

Prospect boasts a record of 18-3 and has an odds-on chance to wind up in the regional cage competition in Columbus. Rodgers is 16 and a 6-footer, while Hickman, 18, stands but 5-8.

Peacock, 17, 6-2, was, by all odds, the big wheel in the Panda attack of Coach Stan Kirby this season. Pleasant rolled to the county league crown with a 9-0 mark and posted a 19-0 record before tumbling to defending champion Prospect in the semifinals of the county tourney. Peacock was a repeat performer, having been named to the all-star team last season as a junior.

Much can also be said for Ridgedale's Joe Moore, 6-1 18-year-old, who has been as efficient on defense as on offense for Coach Bill Phillips' team. The Rockets wound up in league play tied for second with both Prospect and Green Camp with a 7-2 record, and are now 22-3 and could wind up in Columbus alongside the Bulldogs.

In fact, so well thought of were Moore's skills on the hardcourt that he was the only unanimous choice of the 10 coaches. Joe was a solid pick for the first team by all hands, a fine tribute to a good cager.

And last, but far from least, Claridon's Max Strine, 17, a 6-4 senior, landed on the first five to round out the talent-laden quintet.

This was not one of Claridon's more sparkling years, although Allen Augenstein's Hornets wound up with a 5-4 loop record good for third place in final standings. Be that as it may, Strine was, game-for-game, the star of the Hornet offense and the chief reason why Claridon wound up above the loop .500 mark. At 6-4, he ranks as the tallest of the 10 top cager.

As for the second team, these players are only a shade less efficient that those named to the starting five.

—:—

GREEN CAMP'S Loy Crum is 18, 6-1, while his stablemate, Dick Johnson, also 18, is 6-3. Howard Moser of Prospect, is 18, 6-2. Martel's Paul Thacker, 17, is 5-9, while Jack Clark of Ridgedale, is 18, 6-feet.

All told, 20 boys were named by the coaches, with every school in the county represented on the list except LaRue and Waldo, both of which experienced poor seasons from a won-lost point of view.

The players named, in addition to those on the first two teams, were as follows: Bob Flach, Green Camp; Dave Lauer, Prospect; Tom Tomlin, Caledonia; Don Miller, Pleasant; Fred Moore, Ridgedale; Brad Kile, Caledonia; John Uhl, New Bloomington; Gary Baxter, Claridon; Ron Lyon, Caledonia; and George Young, Ridgedale.

Bexley Hands Pirates 53-39 District Defeat

COLUMBUS — Cardington's hardcourt crew was downed 53-39 Wednesday night by Bexley, in Central District Class AA tourney play on the Fairgrounds Coliseum floor. Bexley went into the fracas third seeded.

Big Walnut fell to Hillards by a 58-41 count.

The Pirates of Coach Dick Reinehr were no match for the Lions who won their 15th game against a trio of losses.

Bexley led at the quarter 13-10, held a 26-17 advantage at halftime, and was out front by a 36-27 margin after three periods of action.

Midway in the initial stanza the tally was deadlocked at 9-9, but a brace of free throws by Bexley's Dick Nafzger and a goal by Sam McCandlish put the Lions in the van to stay.

Bexley led the Morrow Countians by at least 14 points on four occasions and won going away.

High for the Pirates was Gary Crum with 13 points. Tom Tussing rolled in 18 to pace the Lion attack. Cardington thus finishes its season with a creditable 12-7 showing.

Big Walnut, from Sunbury, led Hilliards for half a game before the Wildcats came on to grab the lead and, eventually, the win.

Coach Myron Burt's Eagles were ahead by a 16-12 count at the quarter, led 25-20 at halftime, then fell into arrears at 44-30 going into the finale.

The difference was not hard to spot in the third stanza as Hilliards found a chink in Big Walnut's defensive armor and poured 24 points into the breach. The Eagles, in the meantime, were accounting for a paltry 5.

Winning its 12th game in 19 starts, Hilliards was paced to the win by Perry Ball and Don Yore, who got 11 and 10 points respectively. Big Walnut's Dave Silliman was the game's top scorer with 17. He and Vernon Ulrey fouled out of the fracas in the second half.

It was the 16th loss for Burt's boys against 3 wins.

Canadians Annex World Skate Title

COLORADO SPRINGS, Colo. (AP) — Canada's near-perfect twosome, Barbara Wagner and Robert Paul, glided away with their third straight pairs championship in world figure skating Wednesday night but both were dissatisfied.

"We've skated much better many other times," said Paul, a dashing 21-year-old perfectionist. His saucy 20-year-old partner who has skated with him 5½ years nodded agreement.

They overshadowed the runner-up West German pair of Marika Kilius and Hans-Jurgen Baumler.

The Canadians were rated first by six of the seven judges for a wide margin of victory, although their point spread of 101.8 to 98.3 for the West Germans was narrow. Points are awarded on the basis of content of program and manner of performance.

St. Louis Team Tops 21-Year Mark at ABC

ST. LOUIS (AP)—A record that stood unmolested for 21 years crumbled Wednesday night when the Detroit Pfeiffers rolled an astonishing 3243 series and took the lead in the 56th annual American Bowling Congress Tournament.

The score broke the record of 3234 set in 1938 by Birk Brothers of Chicago, and established the Pfeiffers as the favorite to win the open team division championship.

Falstaffs of St. Louis, the defending champions and pre-tournament favorites, get their chance tonight.

Ed Lubanski, captain of the Pfeiffers, led his team at the St. Louis Armory lanes with a 700 set. Then came Joe Joseph with 657, Bob Hitt 654, Bill Golembiewsli 624 and Bob Kwolek 608.

Carl and Herman Beltz of Haddon Heights, N.J., are 21-year-old seniors on Princeton's basketball team. Both weigh 190 pounds. They are twins.

Akron Cage Team Hikes Win String

By The Associated Press

Those Akron Zips not only keep on winning, they get better as they go along.

The Zips, Ohio Conference leaders, registered their 20th straight basketball victory of the season Wednesday night, 106-84 over Baldwin-Wallace.

Highest Total of Year

And their total was the highest scored by any Ohio college team this season. The previous high was Akrons 102-58 victory over Buffalo.

The Zips haven't lost since dropping the season opener to Westminster.

Elsewhere on the Ohio cage scene, four conference games were in the spotlight.

John Carroll moved within one victory of its second straight Presidents Athletic Conference championship by defeating Case Tech 94-77. The Blue Streaks, with a 9-1 record need only to beat Wayne at Cleveland March 7 to wrap up the conference title.

Kent State held a slim 22-21 margin at intermission, but Toledo's Rockets moved out in front in the second half to collect their fourth Mid-American Conference victory in 11 starts, 65-54.

Win in Last Seconds

Carl Wolfe's jump shot in the final 10 seconds of play gave Marietta a 79-77 triumph over Hiram in an Ohio Conference Tilt.

Ohio Northern, tied with Wilmington 34-all at intermission, broke out of another tie, 50-all with six minutes to play, to ring up a 63-58 Mid-Ohio Conference victory.

Kenyon of the Ohio Conference and Defiance of the Mid - Ohio played through a nip-and-tuck first half, but Kenyon pulled away after intermission to register a 67-55 victory.

Steubenville, in its final home game of the season, defeated St. Vincent of Pennsylvania, 96-60.

Virginia Wins 69-68

North Carolina Cage Team Handed 2nd Straight Loss

By The Associated Press

Next week's Atlantic Coast Conference basketball tournament — tabbed a shoo-in for Frank McGuire's North Carolina Tar Heels a week ago—looks now as if it'll be a cain-raisin' donnybrook.

A reassessment is in order for the scrambling that picks the ACC's representative to the NCAA Tournament after Virginia's startling 69-68 victory over North Carolina Wednesday night — the Tar Heels' second blunder in a row.

Lose First Place

Before they dropped a 69-51 shocker to Maryland last Saturday, North Carolina was No. 1 in the nation, unbeaten—and apparently unchallenged— in the ACC. North Carolina State, the only other club near Carolina's class, had lost twice to the Tar Heels and was no NCAA threat because of probation.

Now in five days, McGuire and his Tar Heels have lost the top national rating — to Kentucky; lost the ACC lead—to N.C. State; and have dropped two in a row to such as Maryland, which has won only 9 of 21, and to Virginia, with a 9-13 record.

Maryland, looking better with each game, whipped Georgetown (DC) 67-56; Louisville celebrated its at-large appointment to the NCAA with an 83-66 victory over DePaul; NIT-bound Fordham went into overtime to beat Rutgers 79-72; LaSalle improved its tournament chances with an 85-67 rout of West Chester (Pa), and Temple snapped a nine-game losing streak, beating Penn 75-69 in other features.

Leads Syracuse Attack

Big Jon Cincebox fired in 27 points and took 18 rebounds as Syracuse made it four in a row for an 11-9 record in a 79-73 decision over Canisius.

Toledo downed Mid-American Conference foe Kent State 65-54, and New Hampshire won its first Yankee Conference game after nine losses, beating Massachusetts 88-73. Boston University's record rose to 16-5 in a 78-45 victory over Tufts, and Lafayette — down 10 points with nine minutes left—rallied to topple Bucknell 89-80 in overtime.

During a recent match at the "Y" the spectators became so engrossed that their cheers drowned out the sound of the timer's whistle despite the use of a public address system.

"I would like to point out," Ludwig said, "that these boys work just as hard, possibly harder, than members of any athletic squad. They deserve all the support they get."

Rookie Hurlers in Camp

Del Ennis Accepts Terms, Redlegs' Roster Completed

TAMPA, Fla. (AP)—The Cincinnati Reds spring training roster approaches full strength today as infielders and outfielders, with a few exceptions, join the batterymen who have been working out since Monday.

Two pitchers the squad probably will get a look at early are George McWilliams and Burt Dziadek (pronounced Ja-dick). Theyre not on the Reds roster yet but they have turned in fine full game pitching performances for the Cincinnatians.

General Manager Gabe Paul brought them in from the Palatka, Fla., farm club last summer to pitch in an exhibition series with the Cleveland Indians. The 20-year-old McWilliams won his game, 4-3, and the Indians had to go 13 innings to beat 19-year-old Dziadek, 2-1. They already have become two of the hardest working players even though they probably will go back to the minors for more experience.

Del Ennis, veteran outfielder obtained in an off-season trade with St. Louis, agreed to terms Wednesday in a long distance telephone talk with Paul and will be in Friday.

All 40 Cincinnati players are now under contract.

Martin Opens Early Drill at Indians' Camp

TUCSON, Ariz. (AP) — Billy Martin checked in at the Cleveland Indians' training camp Wednesday and began working out—a day ahead of schedule—following a fishing trip to Guaymas, Mexico. The full squad reports today.

"Feels great to be back at second base," Martin said following the workout. "My arm may be sore for a while, though. I have to go back to that quick flip."

He didn't play a game at second base for Detroit last season. He opened at shortstop and then was moved to third base.

Manager Joe Gordon plans to have Martin as the leadoff batter and Jim Piersall batting second throughout the exhibition campaign and possibly when the Indians open the season at Kansas City April 10.

"Theyre both tough men to pitch to and they're good, heads-up baserunners," Gordon explained. "Besides, I'd rather they didn't swing for the fences."

Piersall, who came to the Indians from Boston, had his best season with the Red Sox when he batted second ahead of Ted Williams. His highest average was .293 as a second-place hitter.

the 14th time the score was deadlocked.

The Bulldogs gained control of the ball after a missed foul shot and managed to control it 22 seconds for one last shot. Fetter drove in for the winning bucket with just two seconds showing on the clock.

Moser led the way for the winners with 16 points with Rodgers and Hickman each scoring 14 and Dave Lauer netting 12. Gary Durbin was high for the losers with 19 and Mavis added 15.

As a result of the wins, Ridgedale will play the winner of tonight's opening game for a spot in a district finals at Columbus and Prospect will play the victor in tonight's nightcap.

The games tonight will find Fredericktown (14-7) meeting Radnor (17-4) in the 7 p.m. opener while Green Camp (16-5) will make its first appearance in the nightcap against Newark Catholic (19-2).

California Ski Jump Casualty Tolls Climbing

SQUAW VALLEY, Calif. (AP)—National ski jumping champion Willie Erickson took a high speed tumble but came up to pronounce the hill for the 1960 winter Olympics "a good one."

But he and other U. S. jumpers aren't happy. They must pay their expenses through this entire weekend of the North American Nordic Championships, a preview of next year's winter games.

"In every other meet, we've at least had our expenses paid from Friday night on," the 20-year-old champion declared. He pointed out Europeans' expenses are paid from New York to Squaw Valley and back by the Olympic Organizing Committee.

Can United States ski jumpers catch the Europeans?

"We have as good potential in this country as in any but we lack training, and we jump in only about 11 meets while Europeans compete in 40 or 50," Erickson replied.

As to the Olympic hill, several contestants have been eliminated already because of spills. Some observers wondered if the hill was at fault.

Erickson said "no" even after taking a fall himself.

"I've just had a few rides to feel out the hill, but I think it's real nice," he declared.

Watching practice was Japan's Takashi Matsui who had fractured a wrist in a fall. John Cress of Granby, Colo., one of the top U. S. hopes, suffered a broken collarbone, Russia's Yuri Samsonov sprained an ankle, Dick Koshen of Racine, Wis., a concussion and Earl Murphy of Monsey, N.Y., a sprained ankle.

In action on the Palace lanes Wednesday night were Eaton and the Business Men. Ladies All-Stars and Mom and Pop rolled at the Marion Recreation Center, while Housewives I and II and Buckeye I and II tallied on the Plaza Lanes' boards.

Robert Croman and William Gore paced the Eatonites, rolling totals of 235 and 595. Croman wound up with a 547 series, while Gore's top single game was a 224. Others credited with highs were Don Drake, 232—528; Cleo Couts, 204—543; Roy Eaton, 200; Frank Eiseman, 529; George Clarkson, 514.

It was Hank Krausz and Dick Dale for the Business Men, with scores of 229 and 606, Krausz finished with a 602, while Dale's two best single games were 209 and 203. Clay Johnson had a 203 and Roland Bellegarde a 214.

Joan Groll was high scorer for the Ladies All-Stars, registering scores of 211-188-179 for a 578 total. Also posting creditable totals were the following: Mary Thorne, 186—508; Helen Culp, 177—491; Jane Richards, 174—473; Betty Collins, 177—473; Marie Hamilton, 173; Ellen Ault ,172; Judy Phelps, 172; Clara Rizer, 171; and Delores Wilson, 170. Le's Beauty turned in totals of 861 and 2457.

Paul Eshman had highs for the men in Mom and Pop action, turning in scores of 205 and 559. Edna Riddle turned the trick for the women with 196 and 487 totals. Also recording highs were Chuck Burns, 195—463; Jim Jordan, 186; Harry Hammond, 182—484; Myron Gibson, 177—467; Doug Bailey, 171—468; Keith Sterritt, 170; Bob Dripps, 175—483; Bert Dripps, 164; Eve Bailey, 162-158—457; Connie Gibson, 153-146—427; Gertrude Soulier, 145; Charlie Pierce, 465.

Betty Glimpse and Virginia Lininger paced the single game scoring for the Housewives 1. Naomi Snyder came through with a 448 for series honors. Others with highs were Marcella Westcott, 151; Sally Mayse, 155—403; Polly Chard, 158—433; Judy Reed, 159.

Angie Jones and Maxine Roseberry took the laurels in Housewives 2 play, posting 169 and 422 scores respectively. Eileen Mattix got a 153. Mrs. Roseberry turned in a 164 single game.

In Buckeye 1 play, General Telephone was the high series scorer with a 2524 total. Lucky Five had single honors with an 811.

Webb Batters Boyd for TKO In First Round

CHICAGO (AP) — With everybody wanting to get into the act, Spider Webb's manager, Hec Knowles, says:

"If I were Sugar Ray Robinson, I would rather fight Archie Moore than Carmen Basilio.

"I don't think Robinson wants to see that Basilio rushing in at him again for 15 rounds. And if Robinson knocked down Moore like Yvon Durelle did, Archie would stay down."

This is one way of Knowles saying that Webb would stand more of a chance to gain the middleweight crown through a Moore-Robinson match. He thinks Robinson would win and thus have to vacate the middleweight title. Webb, now ranked No. 3, figures to do quite well in any elimination tourney.

Spider was impressive Wednesday night before TV cameras in Chicago Stadium and a ringside turnout of 2,623 fans who paid a net of $4,098. He bombed Bobby Boyd into a technical kayo in 1:55 of the first round of a scheduled 10.

The first promotion of the new National Boxing Enterprises, Inc., which replaced the dissolved International Boxing Club of Illinois, was a bruising battle of two Chicago rivals while it lasted.

Boyd, ranked No. 7, had Webb's head buzzing with a left. Then Webb unloaded two rights that put Boyd down for a nine count. He staggered to his feet and got his chin in the way of lefts and rights that sent his mouthpiece flying.

Again Boyd hit the floor, nearly sprawling through the ring ropes. At nine he was up but was so wobbly Referee Frank Sikora halted the bout.

Wininger Recovering Rapidly After Operation

OKLAHOMA CITY (AP) — Bo Wininger, chairman of the Professional Golfers Assn., Tournament Committee and one of the top players on the tour, is recovering from a hernia operation and expects to play in the Masters tournament April 2-5.

Wininger said he planned to spend about two weeks at Palm Beach, Fla., to practice before going to Augusta. Wininger left the tour after the Palm Springs, Calif., tournament late in January.

Upper Actors Slate Three 1-Act Plays

UPPER SANDUSKY—Three one-act plays will be presented by the Tri-Masquge Dramatic Club, an Upper Sandusky High School organization, Friday night in the high school auditorium.

Sophomores will give the first play, "Everything Nice," a comedy. Members of the cast are Dave Vogel, Patty Runyon, Carol Frank, Nancy Sebenoler, Linda Wines, Judy Thiel, and Lynn Horne. John Booth is student director.

The junior class cast for a play without scenery and done in pantomime, titled, "A Happy Journey to Camden and Trenton", will include Dede Long, Carol Drew, Sheryl Eyestone, John Hood, Gary Starling and Don Keller. Directors are Jason Traxler and Allen Walton.

Sonie Thiel and Mary Cook will be directors for the psychological drama "Undertow" to be presented by more experienced members of the club. The cast will include Lynn Hunter, Sue Hale, Sandra Green, Phyllis Stephan, Bonnie Newell, Barb Bringham, Nedra Stimpfle, Ellen Pool, Judy Linstedt.

All plays and players will be judged and awards presented.

University Will Obtain Collection for Library

MADISON, Wis. (AP) — The University of Wisconsin has purchased the Sukov collection of 10,617 "little magazines."

Recently the collector, Dr. Martin Sukov of Minneapolis, donated a one-half interest in the collection to the university and the school agreed to buy the remaining half for $30,000.

"Little magazines" are periodicals possessing a small number of subscribers and usually few advertisers but containing a high grade of intellectual content.

Now! Bleach safely automatically in the new
MAYTAG AUTOMATIC WASHER with BLEACH DISPENSER

No waiting or diluting. Maytag does both jobs for you. Just add concentrated bleach through dispenser opening; bleach remains in dispenser until washer has filled and washing action starts, and is automatically diluted before being introduced into the wash water. After washing action starts, bleach is added slowly to provide uniform bleaching action. Only Maytag provides this automatic delay and pre-dilution.
No bleach damage to clothes. By providing automatic dilution and properly timed injection, Maytag prevents heavy concentrations of bleach from coming in contact with clothes. Gone forever are the holes in clothes, the weakened fibres, the uneven bleaching associated with strong liquid bleaches.
No half-hearted detergents. Modern detergents contain brightening agents which are destroyed by liquid bleach when bleach and detergents are added to wash water at the same time. By delaying the introduction of bleach until after the washing action has started, Maytag preserves the full effectiveness of your detergent and clothes come out sparkling clean, white, and color bright, wash after wash after wash.

Auditor, Ex-Newsman Write Book on Mary Todd Lincoln

COLUMBUS, Ohio (AP)—Ohio's state auditor and a former newsman have teamed up to show that the widow of President Abraham Lincoln was railroaded to a lunatic asylum.

Their book, "The Trial of Mary Todd Lincoln," was published today. It employs a unique method to show that her jury was impanelled to convict; that the verdict was a foregone conclusion.

The authors, State Auditor James A. Rhodes and Dean Jauchius, offer a dramatic story of injustice and disregard for constitutional rights of Mrs. Lincoln's 1875 trial in Chicago.

First the trial is presented as it actually took place. Then the trial is presented as it would have unfolded under vigorous cross-questioning of witnesses.

The authors claim cross examination questions and answers are based on fact. Answers are those witnesses would have had to give to avoid perjury.

The re-presented trial demolishes testimony which resulted in Mary Todd Lincoln's conviction on an insanity charge.

2 Die in Indiana Crash

ALBION, Ind. (AP) — Cora L. Pepple, 71, and Millie Shelmadine, 70, both of Lima, Ohio, were killed Wednesday when the car in which they were riding left U. S. 33, hit a telephone pole and careened into a field.

The driver, Charles O. Shelmadine, 72, was taken to Whitley County Hospital at Columbia City with serious injuries.

Dies at Tiffin

TIFFIN, Ohio (AP) — Funeral services for Byrdell Whittridge, 45, business manager of the Tiffin State Hospital, will be held Saturday at the Adams Turner Funeral home here. He suffered a heart attack Sunday and died Wednesday in Mercy Hospital.

Auto Crash Fatal

PAINESVILLE, Ohio (AP) — Don J. Suckfuell, 25, Painesville, was injured fatally Wednesday night when his car crashed into a tree here.

Upper Sandusky

A marriage license has been issued to James Cook, Upper Sandusky, and Rose Vaughn, Carey.

—:—

Mr. and Mrs. Robert Williams of Salem Township have announced the engagement of their daughter, Janet, to Carl J. Tiell, son of Mr. and Mrs. Emery Tiell of near Upper Sandusky.

Miss Williams is a student. Her fiance serves with the U. S. Army at Ft. Meade, Md. A late summer wedding is planned.

Ashley

When Ashley Grange met Monday night, Feb. 23, it was decided to have its own Rural Life Sunday, May 3, with a basket dinner and guest speaker. The program consisted of readings, music and tap dances by group one. Mrs. Harry Martin, the lecturer, read a message from the state grange master. Nine men participated in an Easter "style show."

—:—

Mr. and Mrs. Max Dart entertained with a dinner at their home Saturday night honoring Robert Curran Jr. of Ashley who is leaving next week for the Air Force in Texas. Guests were from Canfield, Columbus and Ashley.

—:—

Born Saturday, Feb. 14, a son, Richard Kelly, to Mr. and Mrs. Richard Moore of 2356 Brentness Rd., Arlington Parks, Columbus. Mrs. Moore is the former Dianne Powers of Ashley.

—:—

Mr. and Mrs. Ernest Litsinberger of 10 Central Ave., Ashley, celebrated their 61st wedding anniversary at their home in Ashley, Feb. 23. They were married Feb. 23, 1898, at the home of the bride's parents, Mr. and Mrs. M. H. Stubblefield in Clinton, Ill.

They are the parents of Mrs. Roy Nolting and Mrs. Charles Chadwick of Ashley and Leland Litsinberger of Delaware, and they have nine grandchildren and 17 great-grandchildren.

Mrs. Litsinberger's sister, Mrs. Grace Scott of Cincinnati, who was her bridesmaid, is now visiting in the home.

Crestline

The Crestline Memorial Hospital Guild Board met at the hospital guild room Tuesday afternoon. Mrs. C. F. Morton presided. It was reported that $182 was realized from the last card party and sale of a quilt. The Trinity Lutheran Church women will do the sewing in March. It was announced that the bloodmobile will be here March 13 at the Legion Home.

—:—

The Women's Missionary Guild of Calvary United Church of Christ met at the church social room Monday night. Mrs. John Gehrisch conducted devotions. Mrs. Reuben Glauer read scripture and Mrs. Joe Will sang a solo. Mrs. Robert Little presented the topic, "As Ye May Prosper." A skit, "Because I Have Been Given Much," was given by Mrs. Jeanette Frost, Mrs. Harry Arter, Mrs. V. K. Rice, Mrs. Wills and Mrs. Tom Strauch. Mrs. Robert Parr presided for business and Mrs. W. L. Margard was social chairman.

—:—

Harry Zink presided for the meeting of the Knights of Pythias Monday night. A committee was appointed to meet with the Pythian Sisters to arrange a joint dinner. Guests were present from Bucyrus and the euchre series was continued.

—:—

A meeting of the parents of juniors and seniors has been held and plans made for the senior prom. The same program as last year will be followed. The junior and senior banquet and dance will be held at the school until midnight when the parents will take over. The group will go to the Mansfield YMCA for a record hop, movie, swimming and games followed by the breakfast. The dance will be held May 15. Mrs. H. L. Ryan is chairman of the refreshment committee.

Galion

Richard Clendenen, head of the correction section of the School of Social Administration at Ohio State University, was guest speaker for the February meeting of the Men's Brotherhood at First Lutheran Church Monday night. Mr. and Mrs. Melvin Nichols were in charge of the program.

—:—

Following a wedding trip to Canaan, W. Va., and other points of interest, Mr. and Mrs. Peter P. Schramek are residing at 209½ S. Market St., here. They were married Sunday, Feb. 22, in First Methodist Church in Galion, by the Rev. Olyn F. Hull, pastor. The double ring ceremony was performed at 2:30 p.m., in the presence of relatives and friends.

The bride is the former Miss Olive Levena Arbogast, daughter of Mr. and Mrs. Robert Arbogast of Canaan, W. Va., and Mr. Schramek's parents are Mr. and Mrs. Elmer Schramek of E. Walnut St., Galion. The musical prelude was presented by Miss Dorothy Plack, organist, and Mrs. Lester Metz, vocalist.

Mrs. Bernard Newcome of near Crestline was her sister's only attendant. Dale Garverick was best man.

The reception was held at the Newcome home. Mrs. Basel Arbogast, sister-in-law of the bride, assisted the hostess in serving.

The bride was graduated from Buckhannon Upsher High School at Buckhannon, W. Va. At present she is employed as assembler at the North Electric Co.

Mr. Schramek is employed at the Perfection Steel Body Co. He is a Galion High School graduate.

Greetings were extended by Richard Mahaffey, president of the Galion Jaycees, and invocation was given by Don Wickham, Loudonville president.

An explanation of the "Spoke" award was given by James Williams of Marion. Other reports were given by Mr. Seibold and by Robert Hershey of Orrville, first state vice president. George Burnell of Akron, district vice president, spoke on "candidates."

Project Approved

WASHINGTON (AP)—The Upper Wabash watershed project, covering 90,540 acres in Darke and Mercer counties in Ohio, has been approved by the House Agriculture Committee. The Senate Agriculture Committee also must give its approval. The project will cost $260,911 and the federal share of that will be 52.2 per cent.

Son of Geauga Sheriff Is Held After Shooting

CHARDON, Ohio (AP)—The 12-year-old adopted son of Geauga County Sheriff Louis A. Robusky was in the juvenile detention home at Cleveland today as the result of a shooting in which a Chardon Twp. trustee was wounded.

Lynn H. Hosford Sr., 63, was reported in fair condition at Lakeside Hospital, Cleveland, where he was taken after the shooting Wednesday.

Chief Deputy Sheriff Richard Ford quoted the boy, Michael Robusky, as saying he had taken his father's .38 caliber gun for target practice and had become frightened when Hosford threatened to call his father. Michael had gone to the Hosford home to get a drink of water.

Deputies were told Hosford had suggested "maybe we'd better call your father" after he recalled that the boy ran away from home last Sepetmber.

Ford said the boy drew a gun and said, "don't call or I'll shoot."

Mrs. Hosford moved toward the telephone, and the boy pulled the trigger, wounding her husband, Ford said.

Deputies, alerted by a call from Mrs. Hosford, captured Michael after a chase across an open field.

Mrs. Robusky was placed under treatment for shock.

DiSalle on Committee

BILOXI, Miss. (AP)—Gov. Michael V. DiSalle of Ohio has been named to the federal-state relations committee, one of four standing committees of the National Governors Conference. The appointment was made Wednesday during an NGC executive committee meeting here.

Sears Employes Own Big Block Of Company Stock

A $357,656 stake in Sears, Roebuck and Co.'s savings and profit sharing pension fund currently is held by the 46 employe-members of the fund in the local Sears store, L.F. Rentz, Sears manager, announced today.

Mr. Rentz explained that the local employe group has to its credit in the fund 6,185 shares of Sears stock plus a cash balance of $111,802. Based on a year-end market value of $39.75 per share for the Sears stock plus cash and miscellaneous investments, the group now has a total investment worth $357,656.

Started back in 1916, the Sears saving and profit sharing pension fund was created by the company to encourage thrift among its employes, to permit them to share in the company's profits, and to assist them in building a financial reserve to help provide for their eventual retirement.

The fund owns 26 per cent of Sears, Roebuck and Co. stock and is the largest single stockholder of the company?

Other than their contributions to space flight reactions, the great aid that monkeys have made to science are testing of polio vaccine.

MOSES

"And she called his name Moses: and she said, Because I drew him out of the water."
—Exodus 2:10

The story of the baby Moses is a story of God's guidance and protection of men.

The law of the state had decreed his death even before he was born. But it was part of God's plan to prepare him for a great mission.

Shortly before the child was born in Egypt, Pharaoh had ordered that every son born to a Hebrew be drowned in the Nile. He issued this cruel command because the people of God were increasing in number, and he feared their strength.

Moses was born to a Hebrew couple named Amram and Jochebed. Their home was a roofless mud structure at the river's edge. There for the first three months of the infant's life, his mother hid him from the Egyptians.

During that time the family lived in constant terror, lest the baby's occasional cries be heard and he be thrown into the great river of Egypt.

After three months, Jochebed realized that she could no longer successfully conceal the baby. After sleepless nights of prayer and thought, she decided upon a course of action.

The banks of the river were covered with a reed-like plant, with long, narrow, flag-like leaves and tough stalks. From these rushes the Nile boats were made.

Jochebed gathered enough of these reeds to weave into a tiny boat, which she called an ark. To make it waterproof, she lined the bullrush ark with river mud and pitch. Then she kissed the sleeping babe, laid him tenderly in the bullrush cradle and fastened the lid over him.

After the little boat had been placed among the flags by the river's brink, Miriam, the sister of Moses, stationed herself not far away to see what would happen to her baby brother.

Soon Pharaoh's daughter came down to the Nile to bathe. Seeing the tiny punt afloat among the flags, she sent her maids to bring it to her.

When the ark was opened, the bright sunlight wakened Moses and he began to cry. "And she had compassion on him, and said, This is one of the Hebrews' children."

At this moment, Miriam approached and asked Pharoah's daughter: "Shall I go call a nurse of the Hebrew women that she may nurse the child for thee?"

The Egyptian princess told her, "Go."

Miriam ran all the way home to tell her mother the good news and to bring her to Pharaoh's daughter as the baby's new "nurse."

So Moses, born into slavery, was reared as a prince.

Couple in Marion Keeps Alive Glass Cutting Art

Samuel Conkle and Wife Turn Out Handsome Pieces as Hobby

By CHARLES L. MARTIN

A touch of the glass to the grinding wheel, then another and another, and in five minutes or less a plain glass rose dish is transformed into a work of art.

This is one of the methods used by a Marion couple who are keeping alive an art they fear may be dying — the art of glass cutting.

Mr. and Mrs. Samuel Conkle of 786 Fillmore St. practice the art regularly, partly as a hobby and partly as a source of spare time income, in a shop at the rear of their home.

—:—

AFTER 36 YEARS in the glass business, the last 11 in their own shop, they have the skill and experience to draw and cut their own designs. They are drawn first on paper and then on glass.

To them, glass cutting is not a particular difficult craft but even with all their experience they still make a few mistakes. "The house is full of them," declares Mrs. Conkle as she swings her arm in a sweeping circle to point to intricately cut vases, mirrors, water pitchers, meat platters, ash trays and other glassware throughout their neat frame house.

Mr. Conkle, a native of Gallipolis but a resident of Marion since 1913, got his start in the glass business in 1922, when he was 17. He was employed at the Marion Glass Manufacturing Co. plant on Leader St. and remained there for 25 years, rising to the position of foreman, until it ceased operations in 1946.

Mrs. Conkle also worked at the plant 25 years, starting when she was Miss Marabelle Ambrose, 16, and a native of Marion. She learned the glass cutting trade at the plant and worked as a cutter all the years she was employed there.

—:—

DURING HIS employment with the company, Mr. Conkle first worked in the trucking and packing department, later in the maintenance and repair department and then in the sandblasting and cutting department.

After the glass plant closed, Mr. Conkle obtained employment as a machine operator at the Marion Bronze Co. plant and he still is employed there.

Since starting their own shop, Mr. and Mrs. Conkle have built up their own wholesale business and provide cut glassware for retail outlets within a 100-mile radius of Marion.

A FLAIR FOR THE ARTISTIC, plus skill and steady nerves, are traits needed by a glass cutter. Two Marion residents who still practice the art are Mr. and Mrs. Samuel Conkle of 786 Fillmore St. Here she is cutting a flower design into a rose bowl as he watches. On the table in the foreground is a vase with an intricate sand carved design done by Mr. Conkle and one of the rose bowl blanks used as raw material by Mrs. Conkle.

Additionally at Christmas time each year, they enter directly into the retail business to supply requests from many friends and acquaintances for examples of their handiwork to be used for gifts.

Using different shaped grinding wheels, Mrs. Conkle can quickly cut any of numerous designs into a piece of glassware. One of the designs at which she is most adept is a flower with leafy branches. First, she uses a rounded cutting wheel to make circular indentions for the centers of the flowers and this is followed with a pointed wheel with which she "draws" the leaves and stems on the glass.

If desired, the glass can then be polished on a soft, high speed buffer that uses a special, ultra fine abrasive to smooth the "grey" surfaces left by the grinding wheel. This operation gives the glass a more sparkling and elegant appearance.

—:—

ONE OF THE most intricate operations performed by Mr. Conkle is sand carving. He must first place the design on masking tape which is built up layer by layer on the glassware to be sand carved.

Removing a piece of tape over the area from which the most glass is to be carved away, he aims the sandblasting nozzle at the glass and directs the sand stream in such a way as to cut away just the right amount of glass. With the removal of each succeeding piece of masking tape, the design grows larger and shallower to obtain just the right shading.

When completed, a sand-carved piece of glassware has a three dimensional design that is a tribute to the glass cutter's art.

The "raw material" used by the Conkles is either plain pressed glassware purchased from the Federal Glass Co. of Columbus or fancier and more expensive handmade glassware supplied by the West Virginia Glass Specialties Co. of Weston, W. Va.

While the biggest demand is for tumblers and water pitchers, the Conkles also get requests for cutting designs into other types of glassware such as coffee table tops, mirrors, cocktail glasses and shakers, ash trays — in fact almost every type of glassware imaginable.

Both fear that the art of hand glass cutting will one day be lost. They know of no other hand glass cutters now active in this part of Ohio.

Most of the big glass manufacturing companies that do any cutting do it by machine and this, so far, has limited the design possibilities, they report.

Mr. and Mrs. Conkle report that they have tried to interest other younger people in taking up the art as a hobby, but so far have failed to find any takers. For themselves, they plan to carry on with their own glass cutting activities both for fun and profit.

Mrs. Conkle has two children by a previous marriage and Mr. Conkle has one son by a previous marriage. Her children are Theodore R. Fitch of 814 Robinson St. and Mrs. Paul Young of 624 Girard Ave. Mr. Conkle's son is Elmer W. Conkle of 392 Whitmore Ave.

Fumes Fatal to 2

CINCINNATI (AP) — Carbon monoxide poisoning was blamed today for the deaths of James Dozier, 46, and his wife, Rachel 46.

Their bodies were found Wednesday in their west end apartment.

Police Lt. Peter Lind said a gas stove and gas space heater were turned on. James Garland, air pollution control inspector, said the heater was unvented and defective.

Teamsters Union Finds Itself Operating in Red

By VICTOR RIESEL

It takes exactly seven men and three electronic business machines to write a national Teamster check these careful days. Jim Hoffa and the other six were very busy paying it out last year —for it is now revealed that his rough-riding organization is operating in the red, losing more than $1,600,000 annually.

VICTOR RIESEL

This may come as a shock to the Teamster high command after they rise and make certain they shine in their $50-a-day Eden Roc Hotel rooms this week. When the latest financial report is read to the executive board session in Miami Beach, the Teamster chiefs may have to go prospecting on the Gold Coast. The cost of defending their empire has been too heavy to enable them to balance their budget, even with an annual national income of $7,582,340.02.

Of course, this includes the cost of manicuring that necessity of the proletarian struggle, some $25,000 worth of shrubbery around the Teamster marble palace and keeping the drapery control in good order. Appearances are appearances and in all fairness it was Dave Beck's idea to out-Taj Mahal all other capital buildings. But, like other governments, the real deficit is created by the defense departments.

-:-

FROM THE COSTLY "reproduction division," for example, have come copies of 57,000 Teamster documents — just for examination by Sen. McClellan's committee and the Treasury Dept.

More than $112,000 has been paid to public relations experts. A long West Coast strike cost the national office more than one million dollars. In all, strikes cost more than $2,648,000 for 1958.

The Teamster till keeper, John English, therefore, spoofs at the thought that Jimmy might ever pull a national strike of 1,600,000 Teamsters. That would cost about 11 million dollars a week and break the union in less than a month. Besides, says he, they would have to pay millions more for legal fees and damages in suits over broken contracts.

Talking about legal fees, that's what's helped the Teamsters actually run out of cash and draw on the interest from their real estate and government bond investments.

-:-

LEGAL EXPENSES cost Jimmy Hoffa's outfit just about $400,000 in 1958. I'm no one-man Price, Waterhouse but the Teamster financial records appear to say that some of this was paid with borrowed funds.

Actually the union had to borrow some $1,400,000 to get through the year. There's a breakdown of the loans. But it appears that the union will have to continue borrowing or dig into capital, you know, by selling investments.

Those legal fees will pile up this year — and perhaps for another five. It's Hoffa's strategy to go into the Court of Appeals every day if necessary, just as if the Teamster Union was a corporation fighting an anti-trust action. This can take years, for every point is fought out from the low courts up to the Supreme Court and then back again on the next issue.

-:-

FOR EXAMPLE, the Board of Monitors, now consulting with the Teamster high council, has 10 specific clean-up demands. These break into some 75 separate moves. In turn, some of the monitors' demands affect many locals, such as the 54 now under Hoffa's trusteeship.

Now the first move of the Teamsters will be to go to the Court of Appeals and ask what powers the monitors have. The court will decide. If the monitors have power, Hoffa then will appeal to the high court.

If the Supreme Court says the monitors do have power to direct Hoffa to take action, they will then order the Teamster provisional chief to clean up some local or to run some election. Immediately. Hoffa will appeal the specific order. Up and up the case will go to the high court — maybe taking a year. Then Hoffa will obey if directed to do so by the high bench. So it will be with every monitor demand which Hoffa doesn't like. It could take years —there are 950 locals.

Hoffa has lots of time and figures after a while everybody will just go away and watch another ball game.

BASE PAY

BUDAPEST, Hungary (AP) — A special fund has been set up by the Lutheran Church of Hungary to guarantee all its pastors a minimum salary of 20,000 forints. This is about $800.

Sea Food Plentiful But Tough To Get

HONOLULU (AP) — There's a lot of food in the ocean, but a scientist says the chances that you'll get to eat much of it are slim.

"It'd be better to mow your lawn and eat the grass," advises marine botanist Albert J. Bernatowicz. "And cheaper."

The University of Hawaii scientist pointed out that a column of water one yard by 100 feet would contain only about ¾ of a pound of vegetable matter even though the oceans catch far more solar energy than does the earth.

YOUNG BELL RINGER

MONTCLAIR, N. J. (AP) — Debbie Rae plays classical music or rock 'n' roll with equal zest on her collection of 45 bells. She's the youngest member of the American Bell Assn., a group of collectors. Debbie is 8 years old — and she's blind.

Producer Tries Hand At Writing in New Play

NEW YORK (AP) — Producer Robert Joseph has switched to Broadway playwriting now.

Joseph, who steered "Major Barbara" and "Tiger at the Gates," to Broadway, obtained stage rights to the novel "Face of a Hero" by Pierre Boulle.

Dissatisfied with the adaptions prepared by other writers, Joseph did one himself that was used for an acclaimed television version of the drama.

When the play reaches Broadway Joseph plans to remain author only — and let someone else be the producer.

NATURAL K.P.'S

FT. DIX, N. J. (AP) — This Army base features five tasty dishes — Nancy Bacon, Annette Fish, Betty Berries, Barbara Hamm and Nancy Grapes, all members of the Women's Army Corps.

Space Sovereignty Contested

Soviet Lawyer Warns Of Cosmic Aggression

MOSCOW (NANA) — A leading Soviet expert on international law claims Russia has a legal right to retaliate for "cosmic aggression" against Soviet Sputniks or Soviet territory on earth.

Discussing legal aspects of the cosmic age, Professor Yevgeny Korovin says such retaliatory action may be taken on earth or in the air, so long as it is within the limits of the U.N. Charter and generally recognized international law.

"Interstellar law," the Soviet expert maintains, does not imply freedom of cosmic piracy any more than freedom to damage ocean cables is implied in "freedom of the seas."

The Soviet scholar also objects to the ancient Roman law concept: "He who owns the land, owns the sky." This concept, he says, would mean projecting national boundaries into cosmic space.

—:—

WRITING IN THE Soviet magazine "International Affairs," Korovin claims that on this point astronomical principles have superseded Roman law. He notes that, owing to the earth's rotation and the velocity of motion of the entire solar system, "national sovereignty could be enforced in the cosmos by any particular country for only a fraction of a second."

Setting forth a detailed list of "Western" theories on cosmic jurisdiction, Korovin rejects claims that:

1. Space sovereignty ends where the air ends;
2. Sovereignty ends with the layers of the atmosphere within reach of aircraft;
3. Sovereignty extends to the entire universe in a cone-shaped sector projected from the boundaries of a given country;
4. Sovereignty extends to the limit of the earth's gravitation;
5. A given nation's jurisdiction reaches as far as the orbit of a Sputnik launched by it.

—:—

SUGGESTING that sovereignty claims might also be advanced from celestial quarters other than the earth, Prof. Korovin declares: "Any mechanical extension of the concept of sovereignty from the earth to the cosmos would be little more than unscientific geocentrism, a retreat from Copernicus to Ptolemy." (Ptolemy, an astronomer of the 2nd Century, A.D., "proved" that the earth was the center of the universe. Copernicus later theorized that the earth revolves around the sun.)

Several Soviet lawyers make the point that projection of national sovereignty into cosmic space would give any nation a legal basis to protest passage of a space ship or cosmic rocket over its "space boundaries." If enforceable, this would mean a single nation could veto an entire program of space exploration.

While rejecting any similarity between air or sea law on earth and future cosmic law, the article by Prof. Korovin is even more scornful of what he calls the "Antarctic Analogy" of the U.S. Department of State.

In the past, Korovin says, the American government has alleged its Antarctic explorations give it the right to make territorial claims there. Now, says Korovin, the State Department tries to make the same claim for U.S. Explorations into the cosmos.

TAIL STORY

OKMULGEE, Okla. (AP) — Mrs. Elsie Whetsel declared war on a mouse she saw in her home. After spending her energy trying to hit it with a broom she sat down in a rocking chair to rest. The house darted past her chair and she rocked back, pinning the mouse by the tail. She waited in that position two hours before her husband got home and killed the rodent.

GOING BY THE BOOK

TULSA, Okla. (AP) — Thomas Evans was explaining voting machines to potential customers when the questioning became a little too involved. Admitted the salesman: "I've never voted on a machine. The places I've lived haven't had them."

JIMMY AND THE GIRLS. Entertainer Jimmy Durante has plenty of beautiful company as he prepares to cut cake marking his 66th birthday in Philadelphia.

Play's Producers Seek Lincoln-Douglas Photo

NEW YORK (AP) — The producers of the Broadway drama "The Rivalry" are hoping someone's attic contains a picture they want.

The play concerns the historic series of debates between Abraham Lincoln and Stephen Douglas. A search of photographic archives has failed to disclose a picture of the two men together.

In a bona fide picture of the orators in action turns up, producers Cheryl Crawford and Joel Schenker have pledged to buy it for $1,000.

Theater Guide

Ohio — Gary Cooper and Maria Schell in "The Hanging Tree" at 6:30 and 10:13 and Richard Todd and Juliette Greco in "Naked Earth" at 8:37.

USELESS TRIP MADE

WILLIAMSBURG, Va. (AP) — The proprietor of a neighborhood store here said his customer appeared a bit sheepish. He waded through deep snow to buy a can of artificial snow for his Christmas tree.

Sunday School Group Hikes Teacher's Mark

HUMBOLDT, Neb. (AP) — For 27 years Mrs. Ward Merritt never missed teaching her Sunday school class.

When she was taken to a Humboldt hospital for an emergency appendectomy it looked as though Mrs. Merritt's record was in danger.

On Sunday, however, Mrs. Merritt and her class were together — in her hospital room. The entire class had driven from Verdon, 13 miles away, where the church is located.

Radio and Television

By MARIE TORRE

Mrs. Roosevelt's Commercials

Getting as much space as Arthur Godfrey on television pages these days is Mrs. Eleanor Roosevelt. Her noble intentions prompted her to impart a message through television commercials, and when all was said and done, the TV savants were found to be in grave disapproval.

Marie Torre

". . . the sight of her raising her eyes to the camera and linking her concern for the world's needy with the sale of a food product at the retail counter (oleomargarine) was disquieting in the extreme," said one disillusioned critic.

". . . it's a mistake! . . . The broadcasters, the sponsor and Mrs. Roosevelt herself have been ill-advised," bewailed another.

-:-

WE ALL KNOW what the critics think, and in an endeavor to learn just what the viewers think, in their letters to Mrs. Roosevelt, we called on the former First Lady's TV agent, Thomas L. Stix, a waggish sort.

In view of the critical upheaval, it was surprising to learn that the mail response has been at a minimum.

"In all," reported Mr. Stix, "Mrs. Roosevelt has received three letters criticizing her action — one from a thoughtful, intelligent viewer who said she's doing a dreadful thing, the others from —and I'm not at all sure Mrs. Roosevelt would use the word — crackpots.

"There's been more good mail. Four or five letters. These say, 'Thank God somebody had the courage to do something like this and do it intelligently.' They also seem grateful for the fact that 'somebody' is making a significant thing out of a commercial. We're really delighted with the outcome. So is Lever Bros."

-:-

AS HAS BEEN NOTED, the fees being paid to Mrs. Roosevelt will be donated to charity. The exact amount is unknown, but it must be considerable for, as Mr. Stix quoted Mrs. Roosevelt as saying, "Anybody who would reject such a sum would be putting her vanity awfully high when there's so much to be done with the money."

Another factor that influenced her decision was the prospect of getting her message across to the TV audience.

In light of the "good" that can result from Mrs. Roosevelt's commercials, they seem no more indelicate to this viewer than seeing British-made products (bath lotion, soaps, hair brushes, etc.) labeled "By Appointment From the Queen."

It is a credit to Mrs. Roosevelt's endurance that she remains unmoved by the criticsm. Not only will the commercials continue, according to Mr. Stix, but Mrs. Roosevelt would like to go a step further in television and be mistress of her own interview show, a long-time ambition, apparently.

What's more, both agent and client take pride in the claim of a TV executive, who eagerly noted the other day: "Mrs. Roosevelt is the biggest thing to hit television commercials since Bert and Harry Piel."

-:-

ANOTHER WESTERN is upon us — "Bonanza," out of the NBC stable. The network places the sagebrush series (set in Virginia City, Nev.) in production next month for showing next season. . .

They're making "Cha Chas" out of all things nowadays. The latest musical addition is "Kathryn Tells Me I Should Smile More Cha Cha," all about the fellow in the title of "Arthur Murray Taught Me Dancing."

ABC acquired "Adventures In Paradise," an hour-long adventure series based on the stories of James Michener. A husky, 25-year old Texan type is being sought for the leading role in the series, scheduled to occupy the Monday 8:30-9:30 p.m. slot on ABC next season.

-:-

WE'RE TOLD by NBC that Milton Berle, Dinah Shore and Sid Caesar will make "surprise" appearances on the Motion Picture Academy Awards telecast April 6. Northing like having advance word on "surprises." . . .

Nimble-footed Donald O'Connor, always a welcome visitor, has been recruited for "The Dean Martin Show" March 19. . . .

Giving out working scholarships appears to be a welcome fad in TV. Last week CBS announced $5,000 grants to promising writers, and now NBC is offering an eight-week assignment as a member of the NBC News Department this summer to the high school student who writes the best report on the first annual NBC Broadcast News Conference for High School Editors.

COOL THIEVES

HUNTINGBURG, Ind. (AP) — The thieves who broke into a local filling station had better keep their mouths shut. That's because police are trying to match teeth marks found on some frozen popsicles half eaten and left discarded in the station freezer.

Concert Team, Family Live in Land Cruiser

ST. LOUIS (AP) — Harry Lee Neal lives by three R's—run, run and run.

He runs his family of five persons; he runs his fingers over the keyboard of his concert piano, and, occasionally, he runs the $25,000 land cruiser that is the family home seven months of the year.

Neal is half of the piano team of "Nelson and Neal." The other half is his wife, Australian-born Allison Nelson, 31.

Their self-designed land cruiser is as compact as the inside of a submarine. It has to be. For they take their three children and two concert grand pianos wherever they go.

The Neals met as students at the Curtis Institute of Music in Philadelphia. Since their marriage on New Year's Day in 1949, they have traveled more than a quarter of a million miles, giving concerts in the United States, Mexico and Canada.

"My children were very inconvenient children," Allison says. "They all were born during the concert season." The children are John, 4, Kathie, 2, and Allison, 10 months.

The Neals are on the road from October through April. During the summer they live in an antebellum home in Paris, Tenn.

"We play so many one - night stands that my friends in Paris get the idea we can't hold a job," Neal says.

When the family is on the road, Allison still finds time to cook about half of the meals in the kitchen.

Plumbers Locate Cache Of Confederate Money

COLUMBIA, S.C. (AP) — Two plumbers thought they had made a lucky discovery when they uncovered a rusty tin box containing about $4,000 in 1864 Confederate money.

But 14-year-old Peck Jackson burst the bubble when he told them he put the bills in a fishing tackle box and buried it in 1953.

"I just buried it to be burying something," said Peck. The money was worthless.

Understudy Gets Role In New Musical Event

NEW YORK (AP) — Understudy Jack Prince is finally coming out of the standby shadow with a Broadway role of his own.

Prince, a rotund player who has been emergency replacement for Stubby Kaye in both "Li'l Abner" and the long run of "Guys and Dolls" is acting on his own now with a part in the new musical, "Destry Rides Again."

LEFT-HANDED LEAD

MONROE, Wis. (AP) — Raymond F. Dvorak spent his 25th anniversary as director of the University of Wisconsin band leading it in a concert with his left hand. He lost his right arm in a train accident 10 years ago and has used an artificial arm for directing since that time. Shortly before he was to start a concert here a cable in the artificial arm broke, rendering it useless.

Author Schedules New Production for Theater

NEW YORK (AP) — Another play by British author James Forsyth is planned for New York presentation. Producer Gene Dingenary has not decided whether it will be on or off Broadway.

Dingenary this season introduced Forsyth to U. S. audiences with the hit off-Broadway show "Heloise." The new script is entitled "Trog," (short for troglodyte, "one who creeps into holes") and concerns two men seeking a path out of chaos.

Glass will carry heavy loads for short periods of time, but might fracture under the same load if carried for long periods.

Inflation Brings Boost For Departing Inmates

CHEYENNE, Wyo. (AP)—When the Wyoming Legislature passed a bill increasing from $15 to $35 the cash payment given prisoners discharged from the state penitentiary, Rep. Oscar Hall had a logical explanation.

He attributed the increase to "the high cost of leaving."

CLOTHING GIFTS

NEW YORK (AP) — More than 2½ million pounds of used clothing were donated by Lutherans across the country in the 1958 Lutheran World Relief's Thanksgiving Clothing appeal, tabulations here showed.

The STAR WANT ADS

WHAT ABOUT YOUR SON'S SPARE TIME?

This ad is directed to the parents of sons 12 to 15 years of age. We are ready to accept and encourage new applications for Marion Star newspaper routes.

WHAT A MARION STAR NEWSPAPER ROUTE OFFERS ....

A steady weekly income. 24 hr. a day Insurance protection. Carrier checking accounts. Carrier training bulletins. Special carriers prizes. Special instruction.

ONLY ONE OUT OF TEN BOYS HAVE THE OPPORTUNITY FOR NEWSPAPER ROUTES

A newspaper route is a business, the same as a store, but operated on a smaller scale. Star newspaper carrier-salesmen are independent merchants, buying their papers and in turn selling them to their subscribers. The carrier-salesman is the manager of his business and how he conducts this business determines the success of this important venture.

Meeting people, keeping records, collecting, earnings, special newspaper savings accounts provide fundamental business experience that will make future progress easier and faster than with the boys who fail to have similar training.

Just ask any Marion Star carrier what he thinks of his route.

1-B—IN MEMORIAMS

IN LOVING MEMORY of John M. Pace, who passed away Feb. 26, 1953.
The way he talked, the smile he wore,
And the thousand things so dear,
Our visits with him while he lived
Haven't gone with him from here.
The Children.

IN LOVING memory of Kenneth L. Collins, who passed away four years ago, Feb. 26, 1955:
He suffered patiently and long,
His hope was bright, his faith was strong.
We miss him when we need a friend,
On him we always could depend.
Somehow life doesn't seem the same,
God grant, someday we'll meet again.
Sadly missed by wife, Stella Collins, daughters Marlene and Phyllis

REX MORGAN, M.D. By Dal Curtis

HOW IS THE ORCHESTRA LEADER DOING, REX?
HE SPENT A COMFORTABLE NIGHT AFTER SURGERY, JUNE! DR BRYANT DID A NICE REPAIR JOB ON HIS WRIST! TWO TENDONS WERE SEVERED!
UNFORTUNATELY, HE WON'T BE ABLE TO USE THAT WRIST FOR A COUPLE OF MONTHS!
BY THE WAY, JUNE ....HAVE YOU EVER HEARD OF A WOODRUFF WARDELL?
YES, I'VE NOT ONLY HEARD OF HIM .....BUT GINGER PRESCOTT WAS WITH HIM AT THE TIVOLI CLUB LAST NIGHT! I GOT A GLIMPSE OF HER RUSHING OUT WITH HIM AFTER THE BOTTLE THROWING INCIDENT!

STEVE CANYON By Milton Caniff

EASIER TO BREAK INTO THE HANGAR THAN I EXPECTED, MINERVA!
STEVE, THESE GLIDERS HAVE NO WHEELS!
RIGHT! THEY TAKE OFF DOWN THE MOUNTAIN SLOPE ON THEIR REINFORCED UNDERBELLIES!
NO NEED TO WARM UP THESE BABIES... AND THE DOORS SWING UP...
BUT HOW DO WE HIKE OVER THAT WHITE WALL?
I THINK WE CAN USE GRAVITY TO GET US AIR-BORNE!
AT THIS POINT STEVE AND MINERVA HEAR THE SOUND OF A LIGHT TANK LABORING UP THE MOUNTAIN ROAD...

THEY'LL DO IT EVERY TIME By Jimmy Hatlo

LISTEN, SHOEHORN--I JUST HEARD ABOUT A DEAL YOU COULD CLEAN UP ON--- A SCHOOL BUS IS FOR SALE IN OUR TOWN--YOU COULD BUY IT FOR PEANUTS--THE BOARD OF EDUCATION WILL PAY FOR THE USE OF IT--- YOU COULD SET IT UP AS A LUNCH WAGON DURING RECESS AND RUN IT AS A REGULAR BUS AT NIGHT--- YOU COULD HIRE A GUY TO DRIVE IT AN' DO ALL THE WORK---
ANGLEWORM IS ALWAYS FIGURING OUT DEALS FOR SOMEBODY ELSE---I THINK HE USETA BE A STEERER FOR A FLOATING CRAP GAME---
DOESN'T HE HAVE A STATIONERY STORE ON THE SIDE WITH ALL THE OFFICE SUPPLIES HE TAKES HOME?
ANGLE WANTS SOMEBODY ELSE TO STICK HIS NECK OUT--IF YOU ASK ME HE'S AFTER SHOEHORN'S JOB---
LAST DEAL WAS TRYING TO GET RID OF OLD ISOLATION BOOTHS FROM QUIZ SHOWS-HE SAID YOU COULD PUT HANDLES ON 'EM AND SELL 'EM FOR COOLIE CHAIRS---
LISTENING TO THE LATEST SCHEME OF THE OFFICE GET-RICH-QUICK WORK-DUCKER--- THANK AND A HATLO HAT TIP TO HERB, STEVE & JERRY, LANIA LANE, BEVERLY HILLS, CALIF.
